INTRODUCTION

Purpose and Scope

This edition of the Voting Assistance Guide is designed to help the following persons participate in U.S. primary and general elections during 1986 and 1987 even though they may not be able to vote in person at the polls:

- Members of the U.S. Armed Forces, which includes the Army, Navy, Air Force, Marine Corps, Coast Guard, and the commissioned corps of the Public Health Service and the National Oceanic and Atmospheric Administration:
- Members of the U.S. merchant marine;
- Spouses and dependents of members of the U.S. Armed Forces or merchant marine
- U.S. Citizens residing outside the United States

Absentee voting information in this *Guide* is current through October 1985. Procedures or primary election days that change after publication will be updated through fact sheets distributed to voting assistance personnel by all federal government departments and agencies with voting assistance programs. The same channels will be used to disseminate information about special and other elections.

Persons with questions or comments on this *Guide* or the Federal Voting Assistance Program (FVAP) may write, Director, Federal Voting Assistance Program, Office of the Secretary of Defense, Pentagon, Room 1B457, Washington, D.C. 20301 or by telephoning the FVAP, area code (202) 694-4928/4960, or Autovon 224-4928/4960.

CHAPTER ONE

THE FEDERAL VOTING ASSISTANCE PROGRAM

Background

The federal government has assisted certain absentee voters since 1942. The current program administers the Federal Voting Assistance Act of 1955 (FVAA), and the Overseas Citizens Voting Rights Act of 1975 (OCVRA).

These laws require that the states allow certain groups of citizens to register and vote absentee in Presidential and Congressional elections. Those covered include members of the U.S. Armed Forces or merchant marine, their spouses and dependents, and citizens residing outside the United States.

In addition, the states have passed laws allowing the above citizens to register and vote absentee in state and local elections as well.

Organization

Each federal department and agency with personnel covered by the Acts has a voting assistance program. Voting assistance officers or counselors are appointed at all echelons to administer the programs and provide information and assistance to voters covered by the Acts. The Department of State offers voting services through its embassies and consulates to all U.S. citizens outside the United States.

Voting Assistance Office/Counselor

Voting assistance officers or counselors have an important role in ensuring that citizens covered by the FVAA and the OCVRA are able to exercise their Constitutional right to vote. Some persons seeking advice may never have voted.

Questions which cannot be answered on the local level should be directed to the next higher voting official to ensure that timely and correct answers are provided.

Operation

Copies of the *Guide* should be distributed to all voting assistance personnel. It is the primary training and reference document for information on state absentee voting procedures. In addition, voting assistance personnel should have an ample supply of Federal Post Card Applications (FPCA) for use by voters, normally four (4) for each person in the unit or command.

The FVAP will prepare, during the course of the election year, fact sheets, news releases and messages containing important upcoming election information or other aspects concerning the FVAP. Fact sheets and news releases are distributed to the senior service voting officer of each service, senior voting representatives of each federal agency, and to all outside government groups that have indicated a desire to participate in the FVAP and who have ongoing voter outreach programs. They are also distributed to government and civilian news media, news outlets that inform members of the worldwide military audience, and overseas U.S. citizens.

Messages contain the same information as news releases or fact sheets but are distributed to senior service voting officers for the specific purpose of being transmitted to all levels of command including voting assistance officers or counselors at the unit level. They are also disseminated to the State Department and other federal agencies.

Voting assistance officers at all levels must ensure that message center personnel at all levels know where to send the voting messages so that the latest voting information is received.

Other materials available for voting assistance personnel are listed in Chapter 2, under Information Support Materials.

Elections and the Right to Vote

The citizens of the United States elect more than 500,000 public officials. These officials serve at the federal, state, and local levels, and their decisions directly influence the lives and well-being of all citizens. All of these officials derive their authority from the voters who elect them and the orderly transfer of power cannot take place without an electoral process.

In the United States, the electoral process is administered by the states and their political subdivisions (counties, parishes, cities, townships, towns, and villages).

Only a few uniform standards imposed or recommended by the federal government limit jurisdictions in the issuance of their own localized election laws and procedures.

As a result, the electoral process varies greatly among the states and even within them. Voting assistance personnel must make sure that all persons covered by the FVAA and the OCVRA receive the best possible information and assistance to exercise their right to vote.

CHAPTER TWO

INSTRUCTIONS FOR VOTING ASSISTANCE OFFICERS AND COUNSELORS

How To Use This Guide

The Voting Assistance Guide is the primary source of information for carrying out the duties of voting assistance officer or counselor. It is very important that this *Guide* be reviewed thoroughly, especially this chapter.

The instructions are designed for use by military voting assistance personnel, but are equally applicable to other federal government voting assistance programs, private corporations and other groups with citizens covered by the FVAA and the OCVRA.

Those voting under the provisions of the OCVRA should read the specific information prepared for them in this chapter.

This *Guide* addresses the two categories of absentee voters for whom the Federal Voting Assistance Program is responsible:

- Members of the U.S. Armed Forces or merchant marine and their spouses and dependents, whether stationed within the United States or overseas
- American civilian citizens residing outside the United States

Complete information for assisting individuals to register and vote absentee has been organized alphabetically by state in Chapter 3.

The information in that chapter tell the voter how to correctly complete the FPCA, which must be filled out in a slightly different way for each state. Thus, the voter's particular state in Chapter 3 should always be consulted before completing the FPCA. The voter must always be reminded too, that no matter how accurate the information on the FPCA, if local election officials cannot read it or if critical information is missing, the voter will not receive a ballot.

The FPCA must always be signed. So must other state election forms required by certain states. Also, a number of states require the FPCA or other election forms be signed as well by a witness or two witnesses or by a notary public or other authorized official. Chapter 3 provides this information, state by state, under section IV of each state. If a state requires the signature of a notary or other official, any commissioned officer (or an NCO in Mississippi, Rhode Island, or Guam) with the U.S. Armed forces or consular officer with the Department of State is authorized to act as the oath taking official.

Voting Information Support Programs

This section is designed to assist the individual voting assistance officer or counselor in organizing an effective voting information program. The recommendations presented are principally directed toward the military voting assistance officer. However, this information may also be used by non-military organizations for their own voting programs.

Scope of a Base/Installation Voting Assistance Program

A commanding officer has the overall responsibility for the operation of a successful voting assistance program within the command. Usually, the commanding officer will appoint an officer to act as voting assistance officer, to actually organize and direct the command's voting assistance program. Subsequently, the voting assistance officer will ensure that each subordinate unit and organization appoints, on orders, an officer or non-commissioned officer to organize and direct voting assistance activities within each unit and organization.

The 1986 Voting Action Plan, the source document for the operation of the 1986 FVAP, requires that commanding officers conduct orientation briefings with unit voting assistance officers or counselors prior to the start of primary elections. These briefings, usually directed by the command's voting assistance officer are intended to prepare unit voting assistance officers for their duties and to ensure that voting assistance materials are on hand prior to the commencement of the 1986 command voting program. A minimum of four FPCAs per person in the unit should be maintained in supply.

In addition, the commanding officer' is required to plan and ensure that briefings of military personnel, their spouses and dependents, and civilian employees in overseas locations are scheduled at the installation and/or unit level. The briefings should inform all these individuals of current registration and voting procedures.

These briefings should begin during the election months for primaries and be repeated during the September 1986 Armed Forces Voters Week. See Appendix E, Model Command Information Program.

The following officials are involved in carrying out the voting assistance program:

- **The Commander**—The commander must emphasize the voting program in staff meetings and other command meetings. He must communicate his support of the program and encourage staff participation and involvement throughout the command.
- **Unit Voting Assistance Officers/Counselors**—These voting representatives have an opportunity to personalize a command's voting assistance efforts. Success of the FVAP in any election year may well depend upon the availability and quality of service that these representatives provide their personnel.
- **Legal Assistance Officer**—A legal question which cannot be answered by the unit voting officer or counselor should be referred to the command's legal staff.
- **Public Affairs/Information Officer**—This officer ensures that voting information is included in base, installation or unit publications such as newspapers, newsletters, daily bulletins and other printed media. This officer and the voting assistance officer should coordinate the activities for Armed Forces Voters Week.
- **Inspector General (IG)**—The IG acting on behalf of the commander, has an interest in any program which concerns the rights of personnel and dependents and ensures that voting assistance officers and counselors are trained and equipped to give assistance to absentee voters in the command.
- **Chaplain**—As a respected member and leader in the military community, the chaplain can be of help in disseminating information to members of the community.
- **Publications, Supply or Distribution Officer**—The publications, supply or distribution officer ensures that copies of this *Guide*, Federal Post Card Applications (FPCA), (a minimum of four (4) for each member of the unit or command) or any other voting program informational materials are issued to installation and tenant unit voting officers and counselors.

In addition to normal distribution of informational material, the Office of the Secretary of Defense may disseminate additional voting materials throughout the election year. It is essential that distribution officers notify voting officers immediately upon receipt of these items.

- **Officers-in-Charge** of exchanges, commissaries, special services activities, medical and dental facilities, education centers, etc., should be contacted to coordinate display of voting information materials and possible participation in Armed Forces Voters Week activities.
- **Communications and Message Centers**—These centers should be altered to expect voting-oriented messages throughout the election year, and to notify the installation voting officer as soon as possible after their receipt.
- **Installation Telephone Supervisor**—The voting assistance officer should ensure that the installation voting officer's name, location, and phone number of known to the telephone operators so that inquiries regarding voting assistance may be made.

In addition to these officials, a resourceful voting assistance officer will make use of the many organizations that perform local service functions such as:

- **Wives Club**—This organization performs many service programs for the community, and is always responsive to worthy community projects.
- **Boy/Girl Scouts, and other youth groups**—These organizations performs numerous citizenship-oriented service projects. Contact the installation officer who serves as the local scout leader.

- **Veteran's Organizations**—These organizations perform important community service projects. The Veterans of Foreign Wars and the American Legion are also eager to participate in community projects. Contact local leaders.
- **Service Associations**—Organizations and associations are interested in participating in service-oriented projects. Contact local leaders.

Scope of a Unit Voting Assistance Program

The unit voting assistance officer or counselor has the important function of providing accurate, non-partisan voting information and assistance to the individual attempting to register and vote.

The organization and effectiveness of a voting assistance program may well determine whether a person will or will not vote. The unit voting officer should be the program's primary spokesman and should motivate individuals to vote.

This should be successfully accomplished, without pressure, by holding information classes and informal discussions concerning voting and the responsibilities of a concerned citizenry.

When developing a local voting assistance plan, consider the suggestions below:

- **Communications**—Have available the names, locations and telephone numbers of the voting officers or counselors at the next higher echelon of a command or organization. It is also suggested that the names, locations, and phone numbers of legal assistance personnel supporting your organization be maintained as part of a voting representative's reference material.
- **Federal Post Card Application (FPCA) (SF 76) For Absentee Registration and Ballot Request**—It is essential that sufficient FPCAs be on hand for use in each election to be held during the year. At least four per person in the unit should be maintained. They must be available well before the primary elections, which in 1986 begin with the Illinois primary on March 18. For the November general election, Federal law required the FPCA be in the hand of the voter who is OUTSIDE the United States by August 15 and WITHIN the United States by September 15.
- **Voting Information Materials**—The Department of Defense in coordination with the military departments, or other federal agencies, and election officials of the states, produces and distributes a variety of voting information materials. In addition to this *Guide*, other items include posters, Armed Forces newspaper articles and features distributed for military editors' use by the American Forces Press Service (AFPS), and voting fact sheets and bulletins. The American Forces Radio and Television Services (AFRTS) overseas broadcasts voting information to U.S. Armed Forces members. All of these materials are designed to give voting officers and counselors sufficient audiovisual support necessary to inform their personnel of absentee registration and voting procedures, and call attention to absentee registration and voting deadlines.
- **Preparation**—This *Guide* is designed as a reference document for persons designated to provide voting assistance to potential absentee voters.
- **Information or Training Programs**—An organization's internal information or training program is the most important communications vehicle used to convey voting information and instruction on the proper means to register and vote. Such a program should be structured so that personnel are:
  aware of the availability of assistance in registering to vote and requesting absentee ballots;
  provided detailed information on the use of the FPCA and instructions regarding its proper completion;
  furnished information that will assist spouses and dependents to register and vote absentee.

Assistance Provided To All Citizens

All U.S. citizens overseas may receive voting assistance at military installations, at the discretion of the installation commander. United

States citizens are afforded full voting assistance at all U.S. embassies and consulates overseas. They may also use APO or FPO facilities to mail FPCAs and other voting materials back to the United States.

The Absentee Voting Process

The absentee voting process is designed to permit citizens who will be away from their local polling places on election day to vote through the mail. The nature of this process makes it more complex and time consuming than voting in person.

Registration and Ballot Request

Persons who are away from their legal voting residence must register and vote under the guidelines for each state's absentee registration, as set forth in the state pages in Chapter 3.

It may appear that no difference exists between the various methods of obtaining registration when a single FPCA may be used to register and to request a ballot. But deadlines for this procedure often vary. In some cases it will be necessary for the FPCA to reach the election officials by the date set for the close of registration, not be the deadline for applying for a ballot.

The proper method for completing the FPCA to request a ballot is described is Chapter 3.

Information For U.S. Citizens Voting Under the OCVRA

There are two Federal Acts which allow American citizens residing overseas to vote absentee: the Federal Voting Assistance Act of 1955 (FVAA) and the Overseas Citizens Voting Rights Act of 1975 (OCVRA). The texts of the Acts are in Appendix D.

The FVAA applies to active duty members of the U.S. Armed Forces, members of the merchant marine, spouses and dependents of both categories, and other citizens temporarily residing outside the United States. Members of the U.S. Armed Forces or merchant marine and their spouses and dependents may vote absentee while away from their place of voting residence, wherever stationed, within or outside the United States.

The OCVRA applies to U.S. citizens residing outside the United States and its territories on other than a temporary basis. These citizens, must vote in the state in which they last resided immediately prior to departing the United States, even if many years have elapsed and the voter maintains no abode in the state and the intent to return to that state may not be certain.

Most states permit those covered by OCVRA to vote only in federal elections. Other states may send complete federal and state ballots.

The OCVRA provides that voting in *federal* elections, by any citizen outside the United States, shall not affect the determination of the voter's place of residence for purposes of any tax imposed under federal, state or local law. Liability for state income tax, however, may be incurred in a few states by voting absentee in *state* elections. For state law regarding income earned outside the United States see Appendix G.

The two major political parties in the United States, (Democratic and Republican) are organized overseas and have branches in many countries throughout the world. Further information concerning overseas political activities by either the Democratic or Republican party can be obtained by contacting:

Republicans Abroad

Local Election Officials

If stateside, the voting officer should contact local election officials where the installation is located and familiarize himself with registration procedures in order to assist persons who vote locally.

Restrictions

Voting motivation programs should be limited to making people aware that they should vote and that voting is a civic responsibility rather than a legal obligation. It is the voting officer's responsibility to inform the voter of procedures to follow in order to vote. It is the voter's responsibility to obtain information about candidates and issues.

Some of the best sources for voters to obtain such information are hometown newspapers, magazines and newspapers with national circulation, and information directly from the political party and campaign committee offices supporting a particular political candidate or proposal. But the voting officer should not become involved in providing such information on candidates and issues to military personnel.

Voting officers are not to distribute any literature from partisan organizations. Organizations become partisan when they endorse or imply endorsement of candidates or identify with issues in a campaign. Organizations which concern themselves with military affairs, such as the National Association for Uniformed Services or the Noncommissioned Officers Association, may also be partisan, and voting officers should contact the Federal Voting Assistance Program before distributing literature from such a group.

The Department of Defense's policy regarding the maintenance of partisan political neutrality is stated in DoD Directive 5410.18:

> "The Armed Forces and the Defense Establishment belong to all the American people. Department of Defense support of and participation in events and activities in the civilian domain will reflect that fact. . . . [and such] support and participation must not directly or indirectly (A) endorse or selectively benefit or favor or appear to endorse or selectively benefit or favor any private or individual group . . . . ideological movement . . . . political organization . . . . or (B) be associated with the solicitation of votes in a political election."

Questions to Ask Voters

Citizenship and Age

Two voter requirements are prescribed in every state:

- A voter must be a citizen of the United States on the date of the election in which he or she wishes to vote, and
- A voter must be at least 18 years old on election day in order to vote. Some states permit 17 year-olds to vote in primary elections if they will be 18 by the date of the general election.

Voting Residence

The issue of voting residence is complex. Even in states where laws clearly define criteria for determining a person's voting residence, the final determination is generally left up to each local election official.

If a voter is at all uncertain about his current or former state of voting residence, the voter should look to the connections he has or had with the state or states in question.

The questions below may aid voting assistance personnel in advising voters where to vote:

- Where is your home or home of record?
- What state are you from?
- Where did you live before coming here?
- Where did you live immediately before leaving the United States?
- Where does your family live?
- Where do your parents live?
- Where do you own property?
- Where do you engage in any businesses?
- Where do you have bank accounts?
- Where is your motor vehicle registered?
- What state has issued you a driver's license or any other licenses?

- Where are you a member of any organization?
- Where have you registered to vote?
- Where have you voted?

Ballot Receipt and Late Counting

The Federal Post Card Application (FPCA)

Purpose

The FPCA is a postage free postcard printed and distributed by the federal government for use by absentee voters covered by the FVAA and the OCVRA. Federal law requires the design of a single form of postcard application to serve all states as a simultaneous registration form and application for absentee ballot. The extent and manner of its use, however, is controlled by state law and sometimes by local procedure. Because of varying state procedures, the voter must look to Chapter 3 to determine how the form is to be completed.

State and Local Treatment of the FPCA

In most states the FPCA serves as a valid ballot request for those voters entitled to use it, regardless of whether they have registered prior to its submission. For such voters, registration is either waived or considered accomplished upon submission of the FPCA requesting a ballot.

A few states do require their own registration form be used, but the local election official will send it out along with the ballot. Only in West Virginia must the voter register (by FPCA) prior to submitting an FPCA (a second one) requesting a ballot.

Deadline for Submitting the FPCA

In about half the states, the deadline for submitting the FPCA is the same for all those entitled to use it regardless of whether the voter is on the rolls of registered voters for that state. In the rest of the states there will be two deadlines—one for the registered voter and one for the nonregistered voter.

In this latter category of states, the nonregistered voter usually must submit the FPCA to the local election official by the state's deadline for voter registration, which more often than not is 30 days prior to the election. The registered voter will have a later deadline. The voter should look to his state in Chapter 3 and also to the chart in appendix B for the deadline to submit the FPCA.

In any event, the voter is strongly urged to submit the FPCA so that it arrives at the election official at least 45 days prior to the election. This helps to insure timely delivery of the ballot to the voter. In those states where the state registration form must be submitted by 30 days prior to the election, the nonregistered voter is urged to submit the FPCA so that it arrives at least 75 days prior to the election.

In some states, one FPCA will secure for the applicant both primary and general election ballots for an entire calendar year. In these states, it is not necessary to submit an FPCA for each election during the year. If a state permits this procedure, you will find the policy stated in Chapter 3.

Revised FPCA, SF 76 Rev. 1981 & 1985

The FPCA contains a small vertical postcard on which the applicant should include a return address so that local election officials may use it to advise the applicant whether or not the information on the FPCA is in order. If the FPCA is incorrect or lacking in any information necessary to process the form, the local election official may return the postcard explaining what information is needed to complete the registration and/or ballot request.

According to state election officials, the chief problem they have encountered with FPCAs is that users fail to fill them out legibly and properly. As a result, qualified electors often do not receive their absentee ballots. Problems can be minimized if applicants fill out their FPCAs completely and legibly, provide accurate addresses (legal residence in voting districts), SIGN the cards, and have them witnessed and sworn to when required.

Voting assistance officers or counselors may continue to distribute the previous editions of the FPCA, SF 76, Rev. 1979 and Rev. 1981, until present stocks have been exhausted. Both forms are identical in purpose.

If the FPCA SF 76, Rev. 1979, is used, it should be separated along the perforated line (in the middle of the FPCA), reviewed to ensure all applicable blocks are completed and that the FPCA is signed. The lower half of the application should be mailed using U.S mail facilities. If it is mailed from a foreign postal facility, adequate foreign postage must be placed on the FPCA.

Persons using FPCA, SF 76, Rev. 1981 or Rev. 1985, should complete the FPCA form in the same manner as described above. However, in addition to addressing the Rev. 1981 or Rev. 1985 to the local election official along with placing a return address in the upper left hand corner, the person must self address the small vertical return postcard. Upon completion, the entire form will be folded in half, (moisten the top of the Rev. 1981 or Rev. 1985 FPCA, and fold down the small flap to seal the FPCA) and mailed. DO NOT USE STAPLES TO SEAL THE FPCA.

Specific Instructions Rev. 1979 and Rev. 1981

Refer to each particular state for FPCA items required to complete application.

Fill in state, county, city or township of voting residence and the items listed below:

(1) Type or print in ink full name.

(2) Enter complete residence address in the community in which application to vote is being made. If you must use a rural route number be as descriptive in its location as possible in order for election officials to discern your proper voting district.

(3) Enter place and date of birth.

(4) If a naturalized citizen, enter place, number and date.

(5) Enter data as required by your state.

(6) Enter Social Security Number or other identification number. Passport or military identification (I.D.) or card of identity and registration issued by the secretary of state is preferred. An alternate form of identification may be acceptable if a person does not possess a valid passport or card of identity and registration. Indicate the type of identification used such as birth or baptismal certificate.

(7) Circle applicable election(s). Some states require a separate FPCA for registration and ballot request for each election, others send ballots for every election to be held in an election year with one FPCA request.

Failure to make the correct circle(s) in this block may result in the voter not receiving a ballot(s).

(8) Enter name of political party for which primary ballot is being requested. Some states permit voting in a primary of either party. Alaska, Guam, Hawaii, Idaho, Louisiana, Michigan, Minnesota, Montana, North Dakota, Utah, Vermont, Washington, and Wisconsin, do not require disclosure of party preference.

(9) Check appropriate box. In some states, persons may be liable for state and local taxes if they vote in state or local elections. Overseas Citizens who wish to vote in Federal elections without becoming liable for state and local taxes should request a federal election ballot and check boxes 9(b) and 10(g) on the FPCA. See Appendix G for further information on state tax liability.

(10) Place an X or check mark in the box that describes your status. In most states, checking any box 10(a) through (f) will entitle you to a full ballot. All citizens not employed by the federal government, who are overseas by virtue of their employment and are requesting a full ballot, should check box 10(c). "Other U.S. citizens," 10(g), means all U.S. citizens not covered by any other category who are outside the United States in a private capacity, who are requesting only a federal ballot, and whose intent to return to the state of last residence may be uncertain.

(11) Enter current mailing address or other address to which the registration and/or ballot should be sent. Be sure to include ZIP, APO or FPO code. If a person will have a new address by the time registration forms or a ballot will be returned, then be sure the new address is shown.

Specific Instructions Rev. 1985

Refer to each particular state for FPCA items required to complete application.

Fill in state, county, city or township of voting residence and the items listed below:

(1) Type or print in ink full name.

(2) Enter complete residence address in the community in which application to vote is being made. If you must use a rural route number be as descriptive in its location as possible in order for election officials to discern your proper voting district.

(3) Enter legal or last residence in the U.S., using number and street in the city, town or village. Do not use box or rural route. If rural area, indicate nearest intersection, i.e. two miles north of Route 29 and Route 66.

(4) Complete mailing address where you want ballot mailed.

(5) This section of application is reserved for your remarks. Provide any information which you feel will assist state officials in providing your ballot. Give the official a telephone number of a local contact, i.e. a relative or a friend.

(6) Mark the appropriate block. In most states marking Block 6. a., b., c., or d. will get you a full ballot. Marking Block 6. c. or d., generally means that at some future time you intend to reside again in that state. Marking Block 6. c. and d. generally means that you were a resident of the state before departing the U.S., and your intent to return at sometime in future is uncertain.

(7) Mark all appropriate blocks. Some states require a separate application for registration and each election. Others accept a single application for all elections in a calendar year. Consult the *APPROPRIATE U.S. OFFICIAL* for specific information concerning your state. If you mark Block 7. a. or d., also indicate which party ballot you want to receive, unless you live in Alaska, Guam, Hawaii, Idaho, Louisiana, Michigan, Minnesota, Montana, North Dakota, Utah, Vermont, Washington or Wisconsin. Because primary party affiliation is secret in these states, you are not required to disclose your affiliation.

(8) Block 8. b. in some states a criminal conviction for a felony or certain misdemeanors, or an adjudication of mental incompetency, disqualified a person from voting, unless there has been a reinstatement of voting rights. Consult the *APPROPRIATE U.S. OFFICIAL* for further information.

(9) Not all states require completion of this item. Consult the *APPROPRIATE U.S. OFFICIAL* for your state's requirements. If the signature of two witnesses is required, one should sign in the Oath section and the other in the Remarks section.

or domicile for purposes of any tax imposed under Federal, State or local law. If you wish to avoid classifying yourself as a State resident (or domiciliary) for tax purposes (through use of this form), you should request only a Federal election ballot and check boxes 9(b) and 10(g) of form. Consult the *APPROPRIATE U.S. OFFICIAL* for specific information concerning your State. If you request a Federal Ballot only and receive a full ballot (Federal and State or local) because some States do not print a Federal Ballot, you may vote the full ballot without incurring a tax liability.

G. **VOTER CATEGORY.** In most States, checking any box 10(a) through (f) will entitle you to a full ballot. Checking box 10(c) generally means that at some future time the voter intends to reside again in the State where application is being made. Civilian employees of the Federal government assigned to an overseas area and requesting a full ballot should check box 10(c).

H. **VOTER CATEGORY.** All citizens, not employed by the Federal government, who are overseas by virtue of their employment and are requesting a full ballot should check box 10(e).

I. **VOTER CATEGORY.** Other U.S. citizen, 10(g), means all civilians not covered by any other listed category who are outside the U.S. in a private capacity and who are requesting only a Federal ballot and whose intent to return to the State of last residence may be uncertain.

J. **VOTER CATEGORY.** Some States offer special voter status to certain persons who are residing within the U.S. such as Missionaries, clergymen, teachers, students; their spouses and dependents; the ill or physically disabled, if you are unavoidably unable to register to vote in person. Some States also offer special status to persons on extended travel or vacation in the U.S. or overseas. Consult the *APPROPRIATE U.S. OFFICIAL* for special information concerning your State.

K. **DISQUALIFYING OFFENSES.** In some states, a criminal conviction for a felony or certain misdemeanors, or an adjudication of mental incompetency disqualifies a person from voting. A legal process for reinstatement of voting rights is available in some of these states. Consult the *APPROPRIATE U.S. OFFICIAL* for further information concerning your state.

L. **OATH.** Not all States require completion of the Oath or Notary provision in Item 16. If completion of this item presents an undue hardship, consult the *APPROPRIATE U.S. OFFICIAL* to determine if this is a requirement for your state.

M. **ADDRESS.** Address the card to the proper county, city, township or State official. Consult with the *APPROPRIATE U.S. OFFICIAL* to determine the correct address for your application. Place your return address on the return post card.

SPECIFIC INSTRUCTIONS FOR COMPLETION (Continued)

5. **REMARKS.** Provide any information which you feel will assist state officials in providing your ballot. Consult the APPROPRIATE U.S. OFFICIAL for specific information which may be required by your state. If you are requesting your state's special write-in ballot, indicate here the reason why you are requesting the special write-in ballot, i.e. isolated area with sporadic mail service, submarine duty, etc.

6. **REASON FOR ABSENTEE BALLOT.** Mark the appropriate block. In most states, marking Block 6.a., b., c., or d. will get you a full ballot. Marking Block 6.c. generally means that at some future time you intend to reside again in that state. Marking Block 6.e. generally means that you were a resident of the state before departing the U.S., and your intent to return at some time in the future is uncertain. Marking Block 6.e. will get you a Federal ballot only (if one is printed by the state). Block 6.f. applies to those special voters, missionaries, clergymen, students, teachers, etc., who may be given special voting rights by their states. Some also offer special status to persons on extended travel or vacation in the U.S. or overseas. Consult the APPROPRIATE U.S. OFFICIAL for more information.

7. **BALLOT REQUEST.** Mark all appropriate blocks. Some states require a separate application for registration and each election, others accept a single application for all elections in a calendar year. Consult the APPROPRIATE U.S. OFFICIAL for specific information concerning your state. If you mark Block 7.a. or d., also indicate which party ballot you want to receive, unless you live in Alaska, Guam, Hawaii, Idaho, Louisiana, Michigan, Minnesota, Montana, North Dakota, Utah, Vermont, Washington, or Wisconsin. Because primary party affiliation is secret in these states, you are not required to disclose your party affiliation. Federal law provides that no tax liability may be imposed based on exercising your right to vote in Federal elections. If you are a civilian citizen residing outside the U.S. and wish to avoid classifying yourself as a state resident for tax purposes, you should mark Block 6.d. You will normally receive a Federal ballot only. If the state sends a full ballot because it does not print a separate Federal ballot, you may vote the full ballot without incurring a tax liability.

8. **AFFIRMATION.** Block 8.b. In some states a criminal conviction for a felony or certain misdemeanors, or an adjudication of mental incompetency disqualifies a person from voting, unless there has been a reinstatement of voting rights. Consult the APPROPRIATE U.S. OFFICIAL for further information.

9. **OATH.** Not all states require completion of this item. Consult the APPROPRIATE U.S. OFFICIAL for your state's requirements. If the signature of two witnesses is required, one should sign in the Oath section and the other in the Remarks section.

POST CARD ADDRESSES.

– Small post card on other side of the form - enter your name and complete current mailing address in the "to" section.

– Large post card on this side of the form - enter your name and complete current mailing address on the upper left corner (return address). Enter the name and mailing address for the proper county, city, township or State official in the "to" section. Consult with the APPROPRIATE U.S. OFFICIAL to determine the correct address for your application.

DEFINITIONS

APPROPRIATE U.S. OFFICIAL. As used herein refers to Unit Voting Officers or Counselors, Commanding Officers, U.S. Embassy or U.S. Consulate Officers or any other official who has access to the VOTING ASSISTANCE GUIDE.

The VOTING ASSISTANCE GUIDE is distributed to all Unit Voting Officers, Commanding Officers, U.S. Embassies and Consulates and State Election Officials. Mailing the FPCA

The FPCA should be mailed in ample time to comply with any state deadline that may apply. The voter should be certain that enough time is allowed to obtain, mark, and return an absentee ballot in time for it to be counted.

The FPCA does not require any postage if it is mailed in a U.S. postal facility, including a military post office overseas. Many embassies and consulates use the military postal service, and the FPCA can be mailed postage free through the embassy. If the embassy or consulate is not linked to the military postal service, the FPCA can still be sent postage free at the embassy through the diplomatic pouch. However, the diplomatic pouch often is delayed, and the voter might be better advised to use the international mails, for which the voter must pay the postage, or even private air courier services.

Consular officers at these locations can provide the best mailing advice.

Voters are encouraged to bring any problems encountered in the voting process, to the attention of department and agency voting assistance officers, who will in turn ask the FVAP to investigate the matter.

The Problem of Ballot Delays

The possibility that officials may not receive absentee ballots until close to election day or even later, is a continuing problem.

One major cause of delay in preparing and mailing ballots is litigation by candidates to be placed on the ballot or to remove an opponent's name from the ballot, or because of objections to the format of the ballot.

Often the FVAP will be able to anticipate which states and localities may not be able to mail ballots in time to assure that they are counted. This information will be transmitted, as available, to voting assistance personnel through department and agency voting assistance officers, who should take steps to notify voters of the problem.

All voting assistance personnel are asked to monitor absentee voting process mailing times and to report the results to department and agency voting assistance officers. It is advisable to maintain a record of FPCA mailing dates for ballots and of the dates ballots are received. This information is of vital importance to the FVAP. Appendix F contains a recommended form which may be reproduced for this purpose.

Marking and Mailing the Ballot

Almost every state or local election district includes instructions on marking the ballot when the ballot is mailed. Frequently these instructions call for a procedure that requires the service of a voting assistance officer or other knowledgeable person.

Some states require that the ballot be marked in the presence of a person specified by the state. Caution should be taken not to compromise the voter's right to the secrecy of the ballot.

Voting in Person

Voters who live within the United States may be able to register and vote where they live. This generally applies to eligible members of the U.S. Armed Forces and their spouses and dependents regardless of whether they live on a military installation or off-post. In short, any qualified person who can satisfy a state's legal residence retirement can register and vote.

Many states have systems of mail registration. These states permit applicants to register by mailing a state prescribed form in lieu of in-person registration.

Some localities operate mobile registration units as a convenience to voters. Others expand registration opportunities through different methods. For additional information on registration in a particular community, voters and voting assistance personnel may contact state or local election officials. Voting assistance officers at the department or agency level are also able to provide assistance in these matters.

Registering and voting in a particular state may have adverse tax ramifications. For those who may be able to choose to vote absentee in one state or in person in another, tax consequences and other legal effects of changing voting residence should be considered. Voters who have questions about these issues should consult legal counsel. See Appendix G for tax liabilities.

Reporting Irregularities

Voting assistance officers and counselors should report any irregularities in in-person or absentee voting process to their department or agency headquarters voting assistance officer. These will be further reported to the FVAP and investigated.

Voting assistance personnel are strongly encouraged to make suggestions for improving absentee voting procedures and this *Guide*. Suggestions should be forwarded to FVAP through department or agency voting assistance officers.

Supplies

Supplies will be needed to carry out the responsibilities of voting assistance officer or counselor. These supplies consist of FPCAs, posters, and copies of this *Guide*, which have been ordered by the services and are available through normal supply channels.

Information Support Materials and Supplies

The following informational materials and supplies should be available to voting assistance personnel through their normal supply channels.

- The 1986–87 Voting Assistance Guide
- Federal Post Card Applications: SF 76, Rev. 81
  (Four (4) for each person in command)
- Voting posters
- Voting Fact Sheets
- Armed Forces Information Film 265, "Have Your Say"
- Armed Forces Information Film 281, "What Can I Do?"

Voting assistance officers and counselors using the two DoD films will notice that the FPCA used an example in the films is outdated. The revised FPCA, SF 76, presently being used should be on display when films are shown. All other information presented in the films is correct and serves as useful audiovisual support to explain the absentee voting process to military personnel and their families.

Program Monitoring

The FVAP conducts periodic surveys of voting assistance personnel. The surveys are designed to measure the effectiveness of the status of the voting assistance program and the availability and use of informational support materials at any given time during the election year. Voting assistance personnel are encouraged to discuss all aspects of the program with the FVAP staff.

Other Ways To Obtain A Ballot and Vote

Proxy Procedures

A few states authorize individuals other than the prospective voter to act on the voter's behalf to register the voter or to request an absentee ballot. In no case may a person cast a ballot on behalf of another person.

Voting In Person At The Polls

A voter who is able to vote in person in his home district, should take advantage of the opportunity. It virtually assures the ballot will be counted.

Voting in person does not necessarily preclude registering by absentee process.

In some states, applying for an absentee ballot will not automatically rule out voting at the polls. A few states even permit someone who has already marked and returned an absentee ballot to vote in person, thereby nullifying the absentee ballot.

- members of the U.S. Armed Forces or merchant marine
- persons employed or studying outside the U.S.
- spouses and dependents of the above
- overseas electors.

B. Registration Procedures

Persons listed above may register absentee by mailing a completed Federal Post Card Application (FPCA) to the board of registrars, county of voting residence.

A person convicted of a crime involving moral turpitude or anyone declared mentally incompetent by court order is not permitted to register or vote. A pardon for any disqualifying conviction must be granted prior to being allowed to register.

D. Cancellation of Registration

To remain registered, a person must vote in at least one election during the past four-year period.

If a person's application for registration is denied, an appeal for review of the denial may be made to the circuit court of the appropriate county. The appeal must be filed within 30 days of the denial. An individual seeking an appeal should contact a legal assistance officer or civilian counsel for assistance.

III Applying for an Absentee Ballot

Persons listed in Section IIA above who have not already registered may apply simultaneously for registration and an absentee ballot by mailing one completed FPCA to the board of registrars, county of voting residence, between 60 and 10 days prior to the next election. Those submitting the FPCA prior to the 60 day point will be registered, but should submit a second FPCA to the absentee election manager to insure a ballot is sent.

Registered persons should send an FPCA for an absentee ballot directly to the absentee election manager in the county in which they are registered not earlier than 60 days and not less than five days before an election. The absentee election manager will forward an absentee ballot not later than 21 days before the primary or general election.

One must submit a separate FPCA for each election in which he wishes to vote.

Voted ballots must be received by election officials not later than the close of polls on election day.

IV Oath

An FPCA used for registration must be sworn to before a commissioned officer or any other person authorized by law to administer oaths.

An FPCA used to request a ballot by a person already registered need not be sworn to.

The absentee ballot return envelope will contain an affidavit which must be sworn to before any two witnesses or before a commissioned officer or any other person authorized by law to administer oaths.

V Where to Apply

The FPCA should be sent to the Board of Registrars. A request for an absentee ballot should be sent to the Absentee Election Manager. Both are located at the county seat, county of voting residence, as listed below:

Alaska

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Alaska or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Alaska but was last domiciled in Alaska immediately prior to departure from the United States, and
4) is not registered to vote, seeking to vote, or voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any Alaska resident or overseas elector may register by mail to vote.

B. Registration Procedures

A person may register by mail by submitting a state registration form to the Division of Elections in Juneau. The form may be requested by writing the Division of Elections.

The following persons may also register by submitting a completed Federal Post Card Application (FPCA) to the Division of Elections, as long as all information required by state statute is included on the FPCA:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other Alaska residents temporarily residing outside the United States
- overseas electors (for Federal elections only)

State statute requires not only the data requested on the face of the FPCA, but also, (a) any former name under which the voter may have been previously registered in Alaska and (b) the length of the voter's residency in the State and in the election district in which he wishes to register.

Persons must be registered not later than 30 days prior to the election in order to vote in that election. The FPCA used to register will also serve as a ballot request.

C. Bars to Registration and Voting

Persons judicially determined to be of unsound mind are not permitted to register or vote. In addition, a person convicted of a felony involving moral turpitude is prohibited from registering or voting. Such persons may register or re-register upon their unconditional discharge from the authority of the court.

D. Cancellation of Registration

A person's registration will be subject to cancellation for failure to vote in at least one local or statewide election during the preceding two years. Persons subject to cancellation from active registration rolls will be notified at their last known address, and will be given an opportunity to advise the Division of Elections of their desire to remain registered in Alaska.

E. Action on Registration Requests

An applicant will be advised when registration has been accepted or denied.

F. Action if Registration is Denied

A person denied registration may contact the Division of Elections, or consult a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

Persons listed in IIB above and currently registered in Alaska need only send a completed FPCA or state absentee ballot request to the Director of the Division of Elections to request an absentee ballot.

Whenever possible, these forms will also serve as registration requests if it is determined that the applicant for an absentee ballot is not registered, but has supplied sufficient data (as mentioned in Section IIB) to meet statutory requirements for registration purposes. If the data is insufficient a state registration form will be forwarded, and the absentee application will be held in suspension until the completed registration form has been returned.

Completed requests for an absentee ballot must reach the Division of Elections not earlier than six months and not less than seven days before the election (30 days before, if the voter is not yet registered) in which an absentee ballot is sought.

A single state absentee application or FPCA is valid as an absentee ballot request for both the primary and the general elections so long as both elections fall within six months of the date of the application.

Ballots will be mailed from 15 to 30 days before the election. All ballots postmarked by the date of the election will be counted if received by 4 p.m. on the 15th day following the election.

Voters should ask the mail clerk to hand-stamp the ballot envelope to insure a date appears on the envelope.

IV Oath

An FPCA used solely to apply for an absentee ballot by a voter who is already registered need not be sworn to or witnessed.

However, the state registration form or the FPCA used to register, and also the ballot return envelope, must be sworn to before a commissioned officer or other person authorized to administer oaths. When an authorized official is not accessible, two persons over 18 years of age may witness the oath. If the registration form is witnessed instead of sworn to, a signed statement must accompany the form. The statement should read as follows: "I certify under penalty of perjury that the foregoing is true."

V Where to Apply

The FPCA should be sent to the Director, Division of Elections, Pouch AF (MS 0105), Juneau, Alaska 99811-9974.

Arizona

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Arizona or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Arizona but was last domiciled in Arizona immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

The following persons may register absentee:

- members of the U.S. Armed Forces or merchant marine
- their spouses and dependents
- persons temporarily absent from the state

Overseas citizens are not required to register in order to vote in Federal elections in Arizona.

B. Registration Procedures

Members of the U.S. Armed Forces or merchant marine and their spouses and dependents may register absentee by submitting a completed Federal Post Card Application (FPCA) to the county recorder in their county of voting residence. These voters, if residing outside Arizona, may submit the FPCA at any time, although it is recommended the FPCA be mailed as early as possible, preferably two months prior to the election, to insure timely delivery of the ballot. Such voters must comply with the regular registration deadline of 50 days before the election if residing *within* Arizona.

Other Arizona residents temporarily residing outside the United States may also register absentee by submitting an FPCA to the county recorder not later than 50 days before the election.

Overseas citizens no longer claiming Arizona as their permanent residence need not register to vote. However, they may vote only in Congressional and Presidential elections.

C. Bars to Registration and Voting

A person convicted of treason or a felony, unless restored to civil rights, or under guardianship, mentally incompetent, or insane may not register or vote.

D. Cancellation of Registration

Registration will be cancelled for failure to vote in the preceding general election unless the voter maintains a valid Arizona driver's license. A notice of cancellation will be sent to the person by February 1st of the year following the general election. If the person returns the notice with the proper information requested not later than April 1st, the registration record of the elector will be restored.

E. Action on Registration Requests

If the request is approved, the county recorder will notify the person by postcard.

F. Action if Registration is Denied

There is no formal appeal for a denial of registration. However, if a denial is received, it is advisable to consult a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

Members of the U.S. Armed Forces or merchant marine and their spouses and dependents who are not already registered may apply simultaneously with an FPCA to register and to request ballots for both the primary and general election. The deadline is 50 days for such voters in Arizona and the Friday before the election for such voters outside Arizona. For those members of the U.S. Armed Forces or merchant marine and their spouses and dependents already registered, the deadline is the Friday before the election regardless of where they may reside.

Other Arizona residents registered to vote and residing temporarily outside the United States may use the FPCA to request ballots. This is a separate FPCA from the one used by these voters to register.

Overseas citizens no longer claiming Arizona as their permanent residence may use the FPCA to request ballots for Federal elections.

All the above voters will be sent Arizona's Application for Absentee Ballot along with the ballot. Arizona election procedures require this form to be completed and returned with the ballot.

All absentee voters may request both a primary and general election ballot with a single FPCA.

Arizona election officials will accept requests for absentee ballots not earlier than 90 days before an election and not later than the Friday preceding the election. Ballots will be mailed approximately 30 days before the election.

Voted ballots must be received by election officials not later than 7 p.m. on election day.

IV Oaths

An FPCA need not be sworn to or witnessed.

The state application for absentee ballot and the absentee ballot return envelope must be witnessed by another U.S. citizen 18 years or older.

California

I Absentee Registration

The term PERSON(S) as used herein means a United States Citizen and a resident of California or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) resides outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of California but was last domiciled in California immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any California resident may register by mail to vote. Overseas citizens need not be permanently registered to vote absentee.

B. Registration Procedures

California residents normally may register permanently by completing a state affidavit of registration which must be completed and signed by the 29th day prior to the election and returned by mail to the county clerk by the 25th day prior to the election.

California residents who are temporarily residing abroad, members of the U.S. Armed Forces, spouses or dependents of such members, or members of the merchant marine are referred to as special absentee voters in California law and are treated somewhat differently. Special absentee voters may register permanently by using the state of California affidavit of registration, or they may waive that process and use instead the Federal Post Card Application (FPCA) to request a ballot. The FPCA will be considered a temporary affidavit of registration, and the special absentee voter will be sent a ballot for that election only. The FPCA must arrive by seven days prior to the election.

If the special absentee voter who is not registered requests a ballot by writing a letter also explaining why he is a special absentee voter, he will be sent an affidavit of registration along with the ballot. This affidavit of registration must be completed and returned with the ballot for him to be registered and for his vote to be counted. The ballot and affidavit of registration must be received by the county clerk by the close of polls on election day.

Overseas citizens, that is, those domiciled in California prior to departing the country but now domiciled overseas, follow an even different procedure. They may not register permanently. However, they may participate in Federal elections by submitting an FPCA, as explained in Section III.

C. Bars to Registration and Voting

A person who is imprisoned or on parole for the conviction of a felony, or adjudged mentally incompetent, may not register or vote.

D. Cancellation of Registration

Registration may be cancelled if the county clerk receives information that you have moved.

E. Action on Registration Requests

A person will be advised if the Affidavit of Registration has been accepted or rejected, and the reason for the rejection.

When an FPCA is used for temporary registration, California does not advise an applicant whether or not the request is granted.

F. Action if Registration is Denied

If a person receives a notice of denial, the request should be resubmitted correcting all deficiencies. If a second denial is received one should seek the assistance of a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

Special absentee voters and overseas citizens may use the FPCA or other written request to obtain an absentee ballot. Special absentee voters may use the FPCA to request an absentee ballot whether they are permanently registered or not. Those not registered will be considered temporarily registered for the election in which they desire to vote.

Special absentee voters may also write a letter requesting an absentee ballot. The letter must include the following information: the printed name and voting residence in the county where the person is voting, the address to which the absentee ballot is to be mailed, the name and date of the election for which the absentee ballot is being requested, and the signature of the voter. If the special absentee voter is not registered, he must also identify himself as a special absentee voter by stating that he is temporarily residing abroad, a military member, or so forth. Special absentee voters who are not registered and not using the FPCA in requesting their ballots will be sent an affidavit of registration, which must be returned along with the ballot.

A separate request must be submitted to receive an absentee ballot for each election. This includes the June primary and the November general elections.

Overseas citizens may request an absentee ballot for Federal elections, that is, Congressional and Presidential elections, by using an FPCA. The single FPCA will serve to temporarily register the voter through the next general election, and will serve also as a request for ballots for both the June primary and November general elections.

Overseas citizens may also write a letter requesting a Federal ballot. The letter must contain the voter's full name, his prior voting residence in California, the election for which the ballot is sought, and the voter's signature. The voter will be sent a ballot and the special affidavit of registration for overseas citizens which must be returned along with the ballot.

Absentee ballots may be requested not later than seven days before the election.

Absentee ballots will be sent to the voters approximately 29 days before the election and voted ballots must be received by election officials by the close of polls on election day.

IV Special Write-in Absentee Ballots

California has adopted procedures for special absentee voters who believe they will be unable to receive and return their ballots within the regular 29 days due to military or other contingencies that preclude normal mail delivery. Such voters should send a written statement requesting a write-in absentee ballot, briefly explaining the reasons why it is not possible to vote within the regular deadlines. The statement should include the other identifying information listed in Part III above for written absentee ballot applications. The FPCA may be used to request the write-in ballot as long as the above mentioned explanatory statement is written on the FPCA. A special write-in absentee ballot will be sent to the voter 60 days prior to the election. It must be received by the county clerk before the close of polls on election day.

V Oath

All oaths required on any California election-related materials are self-administered.

Colorado

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Colorado or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Colorado but was last domiciled in Colorado immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

The following persons may register absentee:

- qualified electors in the United States service which, under Colorado law, includes members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- persons absent from their county and unable to register in in person
- overseas citizens (for Federal elections only)

B. Absentee Registration Procedures

Colorado residents in the United States service or those temporarily residing outside the United States may register and request an absentee ballot by mailing a Federal Post Card Application (FPCA) to the county clerk. The single FPCA serves as the registration form and as a request for an absentee ballot. The FPCA must arrive at the county clerk's office not later than 25 days prior to the election.

Overseas citizens register by completing a special registration form requested from the county clerk of their previous domicile in Colorado. These forms may be requested with the same FPCA used to request the absentee ballot. The state form must be returned to the county clerk not later than 25 days prior to the election. Thus, overseas citizens are advised to mail the FPCA at least 75 days prior to the election.

C. Bars to Registration and Voting

A person convicted and confined in any public prison or declared mentally incompetent by court order is not permitted to register or vote.

D. Cancellation of Registration

Notice of failure to vote is mailed after each biennial general election. If the not-to-be forwarded card is returned by the post office, the elector is classified "inactive." The elector will be purged for failing to vote at the next general election or if no other action is taken to make registration current.

E. Action on Registration Requests

There are no statutory procedures for notification of acceptance or denial of registration requests.

F. Action if Registration is Denied

If a person's request for registration is denied, the application should be resubmitted correcting any deficiencies. If a second denial is received, it is advisable to seek the assistance of a legal officer or civilian counsel.

III Applying for an Absentee Ballot

Colorado residents in the United States service, Colorado residents temporarily residing outside the United States, and overseas citizens may use the FPCA to request an absentee ballot. The FPCA used to request registration will also serve as a request for an absentee ballot. When used for this dual purpose the FPCA must be received not later than 25 days before the election (except overseas citizens who must submit the FPCA substantially earlier since they will be sent state registration forms which must be returned not later than 25 days prior to the election). For persons already registered the deadline is the Friday before the election. Voters are advised, however, to mail the FPCA as early as possible, preferably two months prior to the election.

A single FPCA is valid for both the primary and general election, if the voter requests ballots for both elections. Overseas citizens may not vote in non-federal elections.

All other persons entitled to vote absentee should use a written request giving their name, voting residence address, reason why they will be absent from their precinct, the address to which the ballot should be sent and if the request is for a primary election ballot, political party preference.

Requests for an absentee ballot should be submitted not earlier than 90 days before the election for which a ballot is being requested.

If the FPCA used as a registration form is received by the local election official more than 90 days before the election for which a ballot is being requested, a second FPCA must be used to request the absentee ballot.

Absentee ballots will be mailed not later than 20 days before the election.

Voted ballots must be received by the county clerk not later than the close of polls.

IV Oath

An FPCA, or any other form used to register, and the affidavit on the ballot return envelope must be sworn to before a commissioned officer or other person authorized to administer oaths.

The FPCA need not be sworn to when used merely to request ballots or other forms.

V Where to Apply

The FPCA should be sent to the County Clerk, county of voting residence as listed below:

Connecticut

I Terms Used

The term PERSON(S) as used herein means a United States citizen and a resident of Connecticut or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means any citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election which he wishes to participate,
3) may not now qualify as a resident of the State of Connecticut but was last domiciled in Connecticut immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

The following persons may register absentee:

- members of the U.S. Armed Forces or merchant marine
- members of religious or welfare groups or agencies serving with the U.S. Armed Forces
- civilian employees of the United States
- spouses or dependents of the above persons

Overseas electors are not required to register to vote. They will only receive ballots for Federal elections. All others must register in person.

B. Registration Procedures

Members of the U.S. Armed Forces or merchant marine and their spouses and dependents may use the Federal Post Card Application (FPCA) as the registration form.

All other persons authorized to register absentee must use the state Application for Absentee Admission as an Elector (Form ED-20) to register.

This form may be requested in writing from the town clerk.

The FPCA or the ED-20 must be received by 5 p.m. the day before the election. However, it is advisable to submit these forms 60 to 90 days in advance.

C. Bars to Registration and Voting

A person convicted of a felony or declared mentally incompetent is not permitted to register or vote.

D. Cancellation of Registration

Registration will be cancelled for members of the U.S. Armed Forces and their spouses and dependents for failure to vote at least once during a four-year period.

E. Action on Registration Requests

The town clerk will notify the voter when his application has been accepted or denied.

F. Action if Registration is Denied

If a person's request for registration has been denied, he should provide the information requested in the notice. If a second denial is received he should ask assistance of a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

Members of the U.S. Armed Forces or merchant marine and their spouses and dependents may use the FPCA to request absentee registration and an absentee ballot simultaneously.

Other residents of Connecticut temporarily residing outside the United States may also use the FPCA to request a ballot, but these voters must be previously registered.

All other persons entitled to vote absentee must use the state form to request an absentee ballot.

Overseas electors may apply for the overseas ballot on the state form or the FPCA by checking items 9(b) and 10(g). The overseas ballot contains Federal offices only.

All voters must submit a separate FPCA for each election in which they wish to vote.

Absentee ballots may be applied for at any time prior to the election and will be mailed by the town clerk approximately 45 days prior to the general election to all voters residing overseas and approximately 30 days prior to all other voters. Voted ballots must be received by the town clerk by the close of polls on election day.

IV Special Write-in Absentee Ballot

Connecticut provides a special 90-day military absentee ballot for those members of the U.S. Armed Forces and their spouses and dependents accompanying them who due to military contingencies are unable to receive and return a regular absentee ballot within the 30 day availability period.

To request a special 90-day military absentee ballot, one should send an FPCA or the prescribed state form to the town clerk. The applicant should state on the FPCA, "Request special 90 day military absentee ballot. Due to military contingencies, regular ballot application procedures cannot be followed."

Special 90-day military absentee ballots may be applied for at any time and will be available 90 days prior to the general election.

V Oath

Whichever of the following forms is used by the voter, it must be sworn to before a commissioned officer, consul, or other person authorized by law to administer oaths: the FPCA when used as a registration form, the ED-20, the FPCA when used by overseas electors to apply for a ballot, or the state Overseas Electors Ballot Application.

However, overseas electors applying for a ballot and the following persons requesting admission as electors, either on the state form or the FPCA, may have the oath administered by any American citizen, if taken in a foreign country: members of the U.S. Armed Forces or merchant marine, members of religious or welfare groups or agencies serving with the Armed Forces, and civilian employees of the U.S. government.

Registered voters using the state form or FPCA to request a ballot need not have such form sworn to.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Delaware but was last domiciled in Delaware immediately prior to departure from the United States and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any Delaware resident or overseas elector may register by mail to vote.

B. Registration Procedures

The following persons may request registration forms and an absentee ballot by submitting a Federal Post Card Application (FPCA) to the department of elections in their county of voting residence:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other Delaware residents temporarily residing outside the United States
- overseas electors (for Federal elections only)

The FPCA must be received by the department of elections not later than 30 days before the election. Election officials will forward state registration forms which must be completed and returned in time to reach the department of elections not later than 10 days prior to the election.

C. Bars to Registration and Voting

A person convicted of a felony or adjudged mentally incompetent is not permitted to register or vote.

D. Cancellation of Registration

Delaware does not allow registration by proxy. However, any individual can request a registration form be forwared to another individual.

III Applying for an Absentee Ballot

The persons listed in IIB who have not yet registered may apply simultaneously for state registration forms and an absentee ballot by submitting an FPCA to the department of elections between 90 and 30 days prior to the next election. The registration forms must be returned by 10 days prior to the election. FPCAs submitted prior to the 90 day point will be treated merely as requests for registration forms, and a second FPCA would be necessary to request a ballot.

The persons listed in IIB who are already registered may request an absentee ballot by submitting a completed FPCA to the department of elections not earlier than 90 days before the election and not later than noon on the day before the election.

Despite these deadlines, voters are advised to mail the FPCA at least two months prior to the election to insure timely delivery of the ballot.

A separate FPCA must be submitted for each election in which an absentee ballot is requested.

The absentee ballot will be mailed 30 to 40 days before the election.

Voted ballots must reach election officials not later than noon on the day before the election.

IV Oath

The FPCA and the state affidavit of registration must be sworn to before a commissioned officer or other person authorized to administer oaths. The ballot return envelope must be sworn to before a commissioned or non-commissioned officer or other person authorized to administer oaths.

District of Columbia

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of the District of Columbia or an Overseas Elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the District of Columbia but was last domiciled in the District of Columbia immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

NOTE: The District of Columbia is not a special voting area merely because it is the seat of the Federal Government. Only qualified electors as described herein may vote in the District.

II Absentee Registration

A. Who May Register Absentee

Any District of Columbia resident or overseas elector as defined above may register by mail to vote.

Note that overseas electors must have resided in the District immediately prior to departure from the United States. Overseas electors from the District may participate in its Federal elections, which are those in which candidates for President of the United States or Delegate from the District of Columbia to the United States Congress are on the ballot.

B. Registration Procedures

The following persons may register and also apply for an absentee ballot by submitting a Federal Post Card Application (FPCA) to the District of Columbia Board of Elections and Ethics:

- members of the U.S. Armed Forces or merchant marine, and their spouses and dependents
- other District of Columbia residents temporarily outside the U.S.
- overseas electors (for Federal elections only)

The first two categories above, plus other District residents, may also register by submitting the District of Columbia Mail Registration Application (MRA). Those using the MRA will have to submit a separate application to receive an absentee ballot.

The FPCA or MRA must be postmarked not later than 30 days before the election. If the FPCA shows no postmark, then it must be received by the Board not later than 23 days prior to the election.

C. Bars to Registration

A person currently imprisoned for a felony or adjudged by a court to be mentally incompetent, may not register.

D. Cancellation of Registration

Registration will be cancelled for failure to vote during a four-year period.

E. Action on Registration Requests

The District of Columbia Board of Elections and Ethics will send a Voter Identification Card to new registrants.

F. Action if Registration is Denied

A person who is denied registration and wants to appeal may request a hearing before the Board. The assistance of a legal assistance officer or civilian counsel should be sought.

III Applying for an Absentee Ballot

A single FPCA serves simultaneously as a request for registration and absentee ballots. When used for this dual purpose, the FPCA must be postmarked not later than 30 days before the election. If the FPCA shows no postmark then it must be received by the Board not later than 23 days prior to the election. When used as a ballot request alone, the FPCA must reach the Board not later than seven days prior to the election.

Voters are advised, however, to submit the

FPCA at least two months prior to the election to insure timely delivery of the ballot.

One may request ballots for both the primary and general election with a single FPCA.

Absentee ballots will be mailed not later than 21 days before the election.

Voted ballots must be postmarked not later than midnight on the day of the election and must be received by the Board of Elections and Ethics not later than 10 days after the day of the election in order to be counted.

IV Oath

Election materials need not be sworn to or witnessed.

V Where to Apply

The FPCA should be submitted to the District of Columbia Board of Elections and Ethics, District Building, Washington, D.C. 20004.

Florida

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Florida or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Florida but was last domiciled in Florida immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

The following persons may register absentee:

- members of the U.S. Armed Forces or merchant marine, and their spouses and dependents
- other Florida residents temporarily absent from their county
- overseas citizens (for Federal elections only)

B. Registration Procedures

Registration is accomplished by using the state absentee registration form which may be requested from the county by Federal Post Card Application (FPCA) or other written request.

The FPCA used to request the absentee registration form will be accepted also as a request for an absentee ballot.

The state registration form must be completed and returned to the supervisor of elections, county of voting residence, not later than 30 days before the election.

C. Bars to Registration and Voting

A person convicted of a felony or adjudged mentally incompetent may not register or vote.

D. Cancellation of Registration

If the voter fails to vote at least once during a two-year period and fails to return his change of status statement, the person's name will be removed for a three-year period. If the voter requests a ballot during this period, registration will be reactivated. If the voter fails to respond during this three-year period, registration will be cancelled and the person will be required to reregister.

E. Action on Registration Requests

The supervisor of elections will send a voter an identification card when registered. There is no provision for notice of nonregistration.

F. Action if Registration is Denied

It is advisable for a person denied registration to seek the assistance of a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

An absentee ballot may be requested in person, by phone, by FPCA or other writing, or by a person authorized in writing by the voter to make the request.

A single FPCA is valid as a request for absentee ballots for all elections in the year requested.

Those not registered may use a single FPCA as both a request for state registration forms and absentee ballots. Such prospective voters should mail the FPCA at least 75 days prior to the election since the state registration forms must be in the hands of the county supervisor of elections not later than 30 days prior to the election.

Requests for absentee ballots by those already registered must be submitted not later than the Friday before the election, although much earlier mailing of the FPCA is strongly recommended.

The Federal portions of ballots voted by persons outside the United States will be counted if received up to 10 days after the general election or presidential primary, if postmarked or dated not later than the day of the election.

All other absentee ballots must be received by election officials before the close of polls on election day.

IV Oath

An FPCA need not be sworn to. However, the absentee registration form must be witnessed by two registered voters from the county in which the person is registering, or sworn to before a commissioned officer, or other person authorized to administer oaths.

The absentee ballot return envelope must be witnessed by two persons over the age of 18, or by a notary or other official entitled to administer oaths.

Those listed in section IIB may use a single FPCA to register and to request ballots for the primary, run-off, and general elections (but not the presidential preference primary or a special election, for which a separate FPCA must be submitted). The FPCA must be received by the board of registrars between 120 and 30 days prior to the election if the voter is not yet registered.

If the voter is already registered, he may submit the FPCA between 120 and six days prior to the election if residing over 300 miles from the county seat and between 120 and three days prior if less than 300 miles.

The following relatives 18 years of age or older may request in writing that an absentee ballot be sent to an elector residing temporarily outside the county: father, mother, sister, brother, spouse, aunt, uncle, mother-in-law, father-in-law, brother-in-law, sister-in-law, son, or daughter.

Ballots will be mailed not later than 30 days prior to the election.

Voted ballots must be received by the board of registrars prior to the closing of polls on election day.

IV Special Write-In Absentee Ballots

Georgia provides a special write-in ballot, available 120 days in advance, for those voters in remote or isolated locations who are unable to receive and return a regular absentee ballot within the regular 30 days.

The ballot includes only the offices of President/Vice President, U.S. Senator, and U.S. Congressman and is available only for the general election.

The ballot contains no names of candidates. The voter writes in the name of the candidate he prefers for each office or writes in a party preference, and that party's candidate will receive the vote.

To receive this ballot instead of the regular state ballot, the voter may use the FPCA and check the appropriate block under item 10, (a) through (g), (item 5, (a) through (g), on the new FPCA) and also item 10 (h) (5h), writing in the blank space: "I request the special write-in ballot."

V Oath

The FPCA need not be sworn to before a notary or witnessed. The oath on the FPCA and on any other Georgia election materials is self-administered.

The term PERSON(S) as used herein means a United States citizen and a resident of Idaho or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

Illinois

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Illinois or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Illinois but was last domiciled in Illinois immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

There are three categories of Illinois voters who may register absentee or for whom registration is not required:

- U.S. service members, defined in Illinois law as members of the U.S. Armed Forces or merchant marine and their accompanying spouses and dependents and, U.S. Government employees serving outside the United States (registration not required)
- Illinois residents temporarily residing outside the U.S. (may register absentee)
- overseas citizens (registration not required)

B. Registration Procedures

Registration is not required for U.S. service members. They will be sent a full ballot upon receipt by the local election official of a properly completed Federal Post Card Application (FPCA) or form furnished by the election official. (See Section III)

Illinois residents temporarily residing abroad must register to receive a full ballot, but may do so absentee. They must submit a completed FPCA to the local election official not later than 30 days prior to the election. The state registration form will be sent along with the ballot, and the completed form must be returned with the voted ballot.

Registration is not required for overseas citizens. However, they will receive a ballot listing only Federal offices: President and Vice-President, U.S. Senator, and U.S. Representative.

C. Bars to Registration and Voting

A person imprisoned for any crime is prohibited from registering or voting.

D. Cancellation of Registration

Permanent registration will be suspended for failure to vote at least once in a four-year period.

E. Action on Registration Requests

A person is notified by mail once registration is completed.

F. Action if Registration is Denied

If a person's request for registration has been denied, an appeal may be made to circuit court. The individual should consult a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

The voters in the three categories listed in IIA above may apply for a ballot using an FPCA. They need not be registered, but must adhere to the deadlines specified in the following three paragraphs:

U.S. service members must submit the FPCA between 100 and 10 days prior to the election. They will receive a full ballot.

Illinois residents temporarily abroad who are not registered must submit the FPCA between 100 and 30 days prior to the election. They will be sent a state registration form along with a full ballot. If the FPCA arrives after the 30 day point, but not later than 10 days prior to the election, the applicant will be treated as an overseas citizen and sent a Federal ballot. Those Illinois residents temporarily abroad who are registered may submit the FPCA between 100 and 10 days prior to the election to receive a full ballot.

Overseas citizens must submit an FPCA between 100 and 10 days prior to the election. They will be sent a Federal ballot, that is, one listing only President and Vice-President, U.S. Senator, and U.S. Representative.

A state ballot request form may be substituted for the FPCA by U.S. service members and residents temporarily abroad. Overseas citizens must use the FPCA.

A separate request must be submitted to request an absentee ballot for each election.

The spouse or dependent of a member of the U.S. service may make application for a ballot on behalf of such person, but only if the spouse or dependent is registered to vote in that county.

Absentee ballots will be mailed approximately 45 days before the election. Voted ballots must be received by election officials not later than the close of polls on election day.

IV Oath

Neither the FPCA, the state ballot application, nor the ballot return envelope need be sworn to or witnessed.

The state registration form, required of residents of Illinois temporarily abroad who wish to vote a full ballot, must be sworn to before a person authorized by law to take oaths.

V Where to Apply

Kansas

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Kansas or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Kansas but was last domiciled in Kansas immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

Kansas waives regular state registration procedures for the following absentee voters:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other Kansas residents temporarily residing outside the United States
- overseas electors (for Federal elections only) These voters may request absentee ballots using the Federal Post Card Application (FPCA) whether or not they are permanently registered.

III Applying For an Absentee Ballot

Persons mentioned above may apply for an absentee ballot by mailing a completed FPCA to the county election officer in the county of voting residence.

The application period for absentee ballots in Kansas is between April 1st and four days prior to the August primary and between 90 and four days prior to the November general election. County election officials, however, will hold any ballot requests arriving prior to the application periods and process the requests at the beginning of the period.

A single FPCA is valid as a ballot request for both the primary and general election.

Ballots will be sent to the voters approximately 45 days before the election.

Voted ballots must reach election officials by the close of polls on election day.

Bars To Voting

Convicted felons who have not been restored to their civil rights may not vote.

IV Oath

The FPCA need not be sworn to or witnessed.

The ballot return envelope must be sworn to before an oath taking official.

V Where to Apply

Send the FPCA to the County Election Commission if you are from Johnson, Sedgwick, Shawnee, or Wyandotte county.

If you are from one of the 101 other Kansas counties send the FPCA to the County Clerk.

A. Who may Register Absentee

The following persons may register absentee:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- U.S. Government civilian employees serving outside of the United States and their spouses and dependents
- members of religious or welfare groups attached to and serving with the Armed Forces and their spouses and dependents
- overseas citizens (for Federal elections only)

B. Registration Procedures

Registration is accomplished by using the Louisiana registration forms which may be requested by sending a Federal Post Card Application (FPCA) or other written request to the parish registrar of voters.

The completed state forms must be received by the registrar not later than 30 days prior to the primary election or not later than 24 days prior to the general election.

A single FPCA may be used to request an absentee ballot as well as the state registration forms, provided the FPCA is received not more than six months before the election. An FPCA received prior to this six month point will be treated as a request for registration forms only, and an additional FPCA would have to be submitted to request an absentee ballot.

C. Bars to Registration and Voting

A person imprisoned for a felony or judicially declared to be mentally incompetent, may not register or vote.

D. Cancellation of Registration

A person's registration will be cancelled for failure to vote at least once during a four-year period. Registration may also be cancelled after a routine canvass in which postcards are sent to registered voters. The postmaster delivers the cards only as addressed or returns them to the registrar. The registrar will take steps to delete from the rolls any voter whose postcard is so returned by the postmaster.

E. Action on Registration Requests

Once a person's request for registration has been processed, a notice of registration will be sent.

F. Action if Registration is Denied

If an application for registration is denied, the person should provide the information called for in the notice of denial and resubmit the application. If a second denial is received, the person should seek the assistance of a legal officer or civilian counsel.

III Applying for an Absentee Ballot

The following persons may use an FPCA to request a ballot:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other residents of Louisiana temporarily residing abroad
- overseas citizens (Federal elections only)
  The FPCA must be received by the registrar not earlier than six months prior to the election and not later than seven days prior.

Those voters listed in section IIA above who are not yet registered may use the FPCA to

best copy available

request that state registration forms be sent along with the absentee ballot. Such prospective voters should mail the FPCA at least 75 days prior to the election since the state registration forms must be in the hands of the parish registrar not later than 30 days prior to the primary and 24 days prior to the general election.

Absentee ballots will be mailed not later than 20 days before the state primary and 13 days before the general election. However, special ballots for the Presidential election will be mailed 45 days prior to the general election.

Louisiana primaries, except the presidential and party committee primaries, are entirely open in that all parties appear on the ballot and the voter may vote for any candidate on the ballot. If a candidate receives more than 50% of the vote cast in the primary, he will be declared the winner and that office will not be voted upon in the general election.

Voted absentee ballots generally must be received by election officials before election day [not later than 48 hours before the close of polls on election day] in order to be counted. However, absentee ballots from those voters in section IIA will be counted if received not later than the close of polls, if the ballot was requested at least 30 days prior to the election.

IV Oath

The FPCA need not be sworn to or witnessed. However, the state registration form must be sworn to before a commissioned officer or other person authorized to administer oaths.

Also, the ballot return envelope must be sworn to before a commissioned officer or other person authorized to administer oaths, unless the voter resides overseas, then any two individuals may witness the voter's signature and sign the envelope in lieu of the notarization.

Maine

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Maine or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Maine but was last domiciled in Maine immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any resident of Maine or overseas elector may register by mail to vote.

B. Registration Procedures

The following persons may register and also request an absentee ballot by submitting a Federal Post Card Application (FPCA) to the registrar of voters in their town of voting residence:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other residents of Maine temporarily residing outside the United States
- overseas electors (for Federal elections only)

The FPCA will be accepted by the registrar anytime prior to the election. However, it is recommended that the FPCA be mailed at least two months before the election to insure timely delivery of the ballot.

C. Bars to Registration and Voting

A person under guardianship for reasons of mental illness, may not register or vote.

D. Cancellation of Registration

Registration in Maine is permanent. There is no provision for cancellation.

E. Action on Registration Requests

No notice of registration is given to the voter if the registration application is accepted. If an application is denied, the voter will be notified.

F. Action if Registration is Denied

Denial of registration may be appealed through administrative procedures. Consult a legal assistance officer or civilian counsel.

G. Application for Registration by Proxy

Immediate family members, including guardians, may register on behalf of members of the U.S. Armed Forces or merchant marine and their spouses and dependents. However, the state registration form, not the FPCA, must be used. Also, a separate request must be made to receive an absentee ballot.

III Applying for an Absentee Ballot

Persons listed in section IIB may use a single FPCA to register and to request ballots for all elections in the calendar year submitted.

If a person is certain he is already registered, he may submit the FPCA directly to the municipal clerk. Otherwise, the voter should submit the FPCA to the registrar of voters. The clerk or registrar will accept the FPCA at any time. However, early mailing is recommended to insure timely receipt of the ballot.

Immediate family members, including guardians, may request absentee ballots from the municipal clerk on behalf of members of the Armed Forces or merchant marine, their spouses and dependents, and other Maine residents temporarily overseas. The state form must be used, and a separate request for each election is required.

Ballots will be mailed approximately 30 days prior to the election and must be returned by the close of polls on election day.

IV Special Write-In Absentee Ballots

Maine provides a special write-in absentee ballot, available 90 days in advance, for members of the U.S. Armed Forces or merchant marine and their spouses and dependents. This is an alternative ballot for the above mentioned voters who believe that 30 days will not be sufficient time to receive and return the regular absentee ballot.

The write-in ballots are similar to regular ballots except that candidates' names do not appear on them. The voter writes in the name of the candidate he prefers in the space next to the office.

The FPCA may be used to request the write-in ballot. One should write on the FPCA, "I request a military write-in ballot."

V Oath

No election materials need be sworn to or witnessed.

VI Where to Apply

The FPCA should be sent to the Board of Registration (Registrar of Voters in towns of less than 4,000 people), city of voting residence. A request for absentee ballots alone should be made to the Municipal Clerk, town of voting residence.

Any resident of Maryland absent from his county may register absentee to vote. Registration is accomplished by applying for and casting the absentee ballot.

Overseas electors, who may vote absentee in Maryland's Federal elections, are not required to register.

B. Registration Procedures

The following persons need not be registered in advance to request an absentee ballot:

- members of the U.S. Armed Forces or merchant marine
- civilian employees of the U.S. government serving overseas
- members of the USO, Red Cross, or Society of Friends serving with the Armed Forces overseas
- spouses and dependents of the above
- any other Maryland resident continously absent from the county from the 59th day before the election to the 29th day before, which is the day registration closes, if the ballot request arrives during this 30 day period.
- overseas electors (for Federal elections only)

These voters may apply for an absentee ballot with the Federal Post Card Application (FPCA). All, except overseas electors, will be permanently registered upon timely return of the voted ballot to the county board of supervisors of elections.

Members of the Armed Forces and their spouses and dependents may submit the FPCA to the board of supervisors of elections at any time. Others in the first four categories above must submit their FPCA's to the board not later than seven days prior to the election. Those in the fifth and sixth categories others must submit the FPCA not later than 29 days prior to the election.

C. Bars to Registration and Voting

D. Cancellation of Registration

A permanent registrant must vote at least once in a general, primary, or special election during a five-year period to remain registered.

E. Action on Registration Requests

If the applicant submitting an FPCA is found to be a qualified elector he will be sent an absentee ballot.

F. Action if Registration is Denied

III Applying for an Absentee Ballot

The procedures in section IIB should be followed.

The deadlines of IIB are applicable, except that any voter already registered may submit an FPCA not later than seven days prior to the election.

Despite these official deadlines of seven and 29 days, it is recommended that voters mail their FPCA's at least two months prior to the election to insure timely delivery of the ballot.

A request for a primary ballot serves also as a request for a general election ballot, if so noted on the FPCA.

Ballots are mailed by the board approximately 30 to 40 days before the election. Voted ballots must be postmarked not later than the day before the election.

Deadline for receipt of the voted ballot is as follows:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as resident of the State of Missouri but was last domiciled in Missouri immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any resident of Missouri absent from his voting district may register by mail to vote.

However, Missouri waives regular state registration procedures for the following absentee voters:

These voters may request absentee ballots using the FPCA whether or not they are permanently registered.

NOTE—Those voters in the first three categories above will receive a full state and Federal ballot. Overseas electors, however, will receive Federal ballots listing candidates for Presidential and Congressional races only. Missouri residents who are not registered to vote and are temporarily residing abroad, except for those in the first three categories above, will be sent Federal ballots upon submission of the FPCA. If they wish to receive full ballots, they must register by submitting a state registration form to the county election authority not later than the fourth Wednesday (27 days) prior to the election.

III Applying for an Absentee Ballot

Those persons listed in section IIA above may apply for an absentee ballot by mailing a completed FPCA to the county election authority in the county of the person's voting residence.

The FPCA must be received by the election authority not earlier than the 10th Tuesday (70 days) prior to the election and not later than the Wednesday immediately prior to the election.

A separate request is required for the primary, general, and any special election called.

Absentee ballots will be mailed approximately 42 days prior to the election and must be returned to the election authority not later than 7 p.m. on election day.

Bars to Voting

Those imprisoned, on probation or parol for a felony, convicted of an election law violation, or adjudicated incapacitated are not permitted to register or vote.

- other residents of Nevada temporarily residing outside the United States
- overseas citizens

The FPCA serves as a simultaneous request for a ballot as well as the state registration forms.

The FPCA requesting the ballot will also serve as a request for state registration forms if the voter is unregistered. However, such voters should mail the FPCA at least 75 days prior to the election since the registration forms must be in the hands of the county officials not later than 30 days prior to the election.

A separate FPCA must be submitted for each election in which a person wishes to vote.

Ballots will be mailed approximately 25 days prior to the election.

Voted ballots must be received by election officials not later than the close of polls on election day.

IV Oath

F. Action if Registration is Denied

If a person's application for registration is denied, a request for reconsideration should be submitted to the director of the board of elections. If a second request is denied, consult a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

Persons listed in section IIB above may apply for an absentee ballot by mailing a completed FPCA to the county board of elections in their county of voting residence. The FPCA must arrive at the board not later than three days prior to the election.

The FPCA requesting the ballot will also serve to register the voter if he is not already registered. However, the FPCA from such a voter must arrive at the board not later than 30 days prior to the election. (An exception to this 30 day deadline is made for Armed Forces members and their spouses. They need not be officially registered under Ohio law to vote, and thus their FPCA's may reach the county board any time not later than three days prior to the election whether registered or not.)

A separate request for an absentee ballot is required for each election. The voter need state his party preference only if requesting a primary ballot.

The request for an absentee ballot must be received not earlier than 120 days before the election if the person is outside of the United States, and not earlier than 90 days before the election if the person is in the United States. However, members of the U.S. Armed Forces may request absentee ballots not earlier than January lst of the year of election.

Despite the various deadlines above, all absentee voters are urged to mail the FPCA between 2 and 3 months prior to the election to insure timely receipt of the ballot.

Ballots will be mailed approximately 35 days prior to the election.

Ballots voted by persons outside the United States will be counted if received up to 10 days after an election, if postmarked or dated not later than the day of the election.

All other absentee ballots must be received by election officials before the close of polls on election day.

Application for Ballot by Proxy

Armed Forces members and their spouses may have any of their relatives in the following categories request an absentee ballot for them: father, mother, father-in-law, mother-in-law, grandfather, grandmother, brother, sister, son, daughter, stepparent, stepchild, uncle, aunt, nephew, or niece of the voter. A special form provided by the county board is necessary for such requests by relatives.

IV Oath

No election materials need be sworn to or witnessed.

Oregon

I Terms Used

The terms PERSON(S) as used herein means a United States citizen and resident of Oregon or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Oregon but was last domiciled in Oregon immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

Oregon waives regular state registration procedures for the following absentee voters:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other Oregon residents and their spouses and dependents, temporarily residing outside the United States
- overseas citizens

These voters may request absentee ballots with the FPCA regardless of whether they are registered.

III Applying for an Absentee Ballot

Persons mentioned above may apply for an absentee ballot by mailing a completed FPCA to the county clerk of the voter's county of voting residence.

The mailed FPCA must reach the clerk not later than the Thursday prior to the election for the ballot to be mailed to the applicant. However, since voted ballots must reach election officials not later than 8 p.m. on election day, the voter is advised to mail the FPCA at least two months prior to the election to insure timely delivery of the ballot.

A single FPCA is valid as a request for all elections during the calendar year in which the FPCA is submitted.

Ballots will be mailed approximately 30 days prior to the election.

Bars to Voting

A person adjudged mentally incompetent or imprisoned for a felony may not vote.

IV Special Write-in Ballot

Oregon provides a special write-in absentee ballot, available 90 days prior to the election, for certain absentee voters.

It differs from a regular absentee ballot in that the offices to be voted upon appear, but not the names of the candidates. The voter must write in the name of the candidate of his choice.

The write-in ballot is available to any person in section II who is residing, stationed, or working outside the United States and believes he will be unable to vote and return a regular absentee ballot by normal mail delivery within the period provided for regular absentee ballots. The FPCA may be used to request this special write-in ballot. The voter must specifically request the write-in ballot, and the request should be conspicuously noted on the FPCA.

The special write-in ballot must be requested not earlier than 90 days prior to the election. Any request received by the county clerk after the 28th day prior to the election will be treated as a request for a regular absentee ballot.

An FPCA requesting a write-in ballot is valid for *one* election only. This is an exception to the regular Oregon policy of accepting a single FPCA as a request for all elections in the calendar year submitted.

V Oath

The FPCA and ballot return envelope must be signed by the voter, but need not be sworn to or witnessed.

The FPCA should be sent to the County Clerk, county of voting residence, as listed below:

Those in the first category above and those in the second who are employed by the Federal government may submit the FPCA at any time prior to the election. Those in the third category must submit the FPCA so that it reaches the county board not later than 30 days prior to the election. All others must submit the FPCA to reach the board not later than seven days prior to the election if they are registered and 30 days prior if not, and even earlier for a full ballot. (See the last sentence in Section IIB.) Regardless of these various deadlines, however, voters are advised to mail the FPCA at least two months in advance in order to insure timely delivery of the ballot.

Armed Forces members may have adults in their immediate family request ballots for them.

A separate application must be made for the primary, general, and any special election held.

Absentee ballots will be mailed approximately 30 days prior to the election. Voted ballots must be returned to the election officials not later than the Friday prior to the election, although the Federal portion of the ballot will be counted if received by the close of polls on election day.

V Oaths

No registration or voting materials need be sworn to.

Puerto Rico

I Terms Used

The term PERSON(S) as used herin means a United States citizen and resident of Puerto Rico or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the Commonwealth of Puerto Rico but was last domiciled in Puerto Rico immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

Voter registration in Puerto Rico may only be accomplished in person. There is no registration by mail. Registration, which includes obtaining an Electoral Identification card, must be accomplished before leaving the island or during a visit home.

However, the following individuals may vote for Resident Commissioner in the commonwealth primary and general elections without registration if the Federal Post Card Application (FPCA) is used to request the ballot:

- members of the U.S. Armed Forces outside Puerto Rico and their accompanying spouses and dependents
- members of the merchant marine
- overseas electors

III Applying for an Absentee Ballot

A. Registered Voters

The following residents of Puerto Rico who will not be present in the Commonwealth on election day, if registered, may apply for a full absentee ballot by mailing a completed FPCA to the Commonwealth Elections Commission in San Juan:

- members of the U.S. Armed Forces
- university students outside the United States
- diplomats outside the United States
- accompanying spouses and dependents of all of the above
- merchant marine members
- airline crewmembers outside the United States
- agricultural employment program workers outside the United States

The FPCA must be received by the Commission not later than 60 days prior to the election.

B. Eligible Voters Not Registered

The following residents of Puerto Rico residing outside the Commonwealth, even though not registered, may apply for a limited absentee ballot, listing only the Resident Commissioner to the U.S. Congress, by mailing a completed FPCA to the Commonwealth Elections Commission in San Juan:

- members of the U.S. Armed Forces and their accompanying spouses and dependents
- members of the merchant marine
- overseas electors

The application for this ballot must be received by the Commission not later than 30 days prior to the election.

C. General Ballot Information

A separate FPCA must be submitted for the primary, general, and any special election held.

Absentee ballots will be mailed beginning 45 days prior to the election and must be returned to election officials not later than 3 p.m. on election day.

Puerto Rico, due to its commonwealth status, does not send representatives to the U.S. Senate or directly participate in the election of the President and Vice President of the United States.

IV Oath

The FPCA and the ballot return envelope must be sworn to before a person authorized to administer the oath.

The status of the applicant determines who is authorized to administer the oath. Military members, their spouses, and their dependents require the signature of a commissioned officer. Students require the signature of an official in the college registrar's office, and merchant marine members the signature of the personnel director of their company. Overseas electors should have a consular officer sign. The person administering the oath is not only verifying the identity of the individual as a notary would, but is also verifying the status of the individual as military member, student, etc.

VI Where to Apply

The FPCA should be submitted to the Secretary, Commonwealth Elections Commission, P.O. Box 2208, San Juan, Puerto Rico 00903.

Rhode Island

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Rhode Island or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Rhode Island but was last domiciled in Rhode Island immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Overseas electors may register absentee to vote in Federal elections (President and U.S. Congress only).

Peace Corps volunteers and their accompanying family members may register as overseas electors, or they may register absentee to vote a full Federal and state ballot by submitting a special absentee registration form designed for them.

All other persons desiring to register must do so in person in their city or town of residence. However, Rhode Island exempts the following persons from having to register in order to vote:

- members of the U.S. Armed Forces or merchant marine
- members of religious groups or welfare agencies officially attached to the Armed Forces overseas
- spouses and dependents accompanying the above outside the state

B. Registration Procedures

The last three categories of voters mentioned above need only submit a Federal Post Card Application (FPCA) to their city board of canvassers, and they will be sent an absentee ballot. Registration is not required.

Overseas electors may apply for registration forms and a ballot request form by submitting an FPCA to the board of canvassers in the city or town of their voting residence. The registration forms must be in the hands of the board not later than 30 days prior to the election. Overseas electors are advised to mail the FPCA at least three months prior to the election in order to insure timely delivery of the proper forms and thereafter the ballot.

Peace Corps volunteers should follow the same procedure as overseas electors, but should note prominently on the FPCA that they are in the Peace Corps.

C. Bars to Registration and Voting

Convicted and imprisoned felons and persons declared insane are not permitted to register or vote unless voting rights have been restored by an act of the general assembly.

D. Cancellation of Registration

Registration will be cancelled for failure to vote at least once in a five year period, except Armed Forces members who remain registered during their service tenure plus two years.

E. Action if Registration is Denied

Denial of registration may be appealed to the State Board of Elections. Consult a legal assistance officer or civilian counsel for assistance in preparing any appeal.

III Applying for an Absentee Ballot

The following persons may request an absentee ballot by submitting an FPCA to their city board of canvassers:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other residents of Rhode Island temporarily residing outside the United States

The FPCA must arrive at the board not later than 21 days prior to the election.

Overseas electors may request an absentee ballot by submitting a state ballot request form to the city board of canvassers not later than 21 days prior to the election. The state form may be requested with the FPCA.

All of the above voters must submit a separate FPCA or state form for each election held.

Ballots will be mailed approximately 30 days prior to the election.

Voted ballots must be returned to election officials not later than the close of polls on election day.

IV Oath

The FPCA, when used by those mentioned in section IIA for whom registration is waived, must be sworn to before a commissioned officer, NCO, or other person authorized to administer oaths.

The FPCA, when used by overseas electors, including Peace Corps volunteers and their families, need not be sworn to when requesting state forms. Those state forms, however, must be sworn to before a consular officer or other person authorized to administer oaths.

The ballot return envelope need not be sworn to or witnessed when used by those mentioned in section IIA for whom registration is waived.

When used by any other voter, the ballot return envelope must be sworn to before a notary, consular officer, or other person authorized to administer oaths by the law of the place where executed.

V Where to Apply

The FPCA should be submitted to the Board of Canvassers, city or town of voting residence.

A. Who May Register Absentee

The following persons may register absentee:

Absentee registration is valid for one year only. To register permanently, one must do so in person at the county board.

Texas

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Texas or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Texas but was last domiciled in Texas immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

Any resident of Texas may register by mail to vote.

One must simply request the state mail registration form from the county registrar, county of voting residence and return that form to the registrar postmarked not later than 30 days prior to the election.

However, Texas waives regular state registration procedures for the following voters, if they vote absentee:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other Texas residents temporarily residing outside the United States
- overseas citizens (for Federal elections only)

These voters may request absentee ballots using the Federal Post Card Application (FPCA) whether or not they are permanently registered.

III Applying for an Absentee Ballot

The three categories of voters listed above may apply for absentee ballots by mailing the FPCA to the absentee voting clerk in the voter's county of voting residence.

The voter using the FPCA will be considered temporarily registered for the calendar year or the voting year in which the FPCA is submitted, and he will be sent ballots for all elections occurring in that year, if he so requests. The voting year begins on March 1st and ends on February 28 of the following calendar year. An FPCA requesting ballots for the 1986 primaries and general election should be submitted *no earlier* than January 1, 1986.

The FPCA must be postmarked from outside the county and it must be received by the clerk not later than seven days prior to the election.

Absentee ballots will be mailed approximately 45 days prior to the election, or, if the FPCA is received after the 45th day before the election, a ballot will be mailed upon receipt of the FPCA.

Voted ballots must be returned to the election officials by the close of polls on election day.

Bars to Voting

Convicted felons, for two years after discharge, parole or end of probation, and persons declared to be mentally incompetent by court order are not permitted to register or vote.

IV Oath

No election materials need be sworn to or witnessed.

Utah

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Utah or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Utah but was last domiciled in Utah immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any resident of Utah may register by mail to vote.

Overseas citizens are not required to permanently register to vote. They will receive a ballot for Federal elections upon timely submission of a Federal Post Card Application (FPCA) requesting such.

B. Registration Procedures

The following persons need not be registered in advance to request an absentee ballot:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- civilian employees of the U.S. Government serving overseas and their spouses and dependents
- members of religious groups or welfare agencies officially attached to the Armed Forces overseas and their spouses and dependents

These voters may apply for an absentee ballot by submitting an FPCA to the county clerk not later than the Thursday prior to the election. They will be permanently registered upon return of the voted ballot to the clerk.

Utah residents temporarily residing overseas, not registered, and not included in one of the three groups above must follow regular state registration procedures to be eligible to vote. They must submit a Utah by-mail registration form which may be requested with an FPCA and must be returned not later than 20 days prior to the election. They then must request an absentee ballot. However, these voters need not register if they submit an FPCA requesting a Federal ballot as an overseas citizen.

C. Bars to Registration and Voting

A person convicted of election law violations or judicially declared mentally incompetent may not register or vote.

D. Cancellation of Registration

Registration will be cancelled upon failure to vote in two consecutive general elections.

E. Action on Registration Requests

Upon receipt of the FPCA, the county clerk will send a ballot or a state by-mail registration form, whichever is appropriate.

F. Action if Registration is Denied

The applicant should seek the advice of a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

The following voters may apply for an absentee ballot by submitting an FPCA to the county clerk:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- civilian employees of the U.S. Government serving overseas and their spouses and dependents
- members of religious groups and welfare agencies officially attached to the Armed Forces overseas and spouses and dependents
- other Utah residents temporarily residing outside the United States and who are already registered

- overseas citizens (who receive a Federal ballot only)

Voters in the first three groups above must submit the FPCA not later than the Thursday prior to the election, those in the fourth group not later than 20 days prior to the election, and those in the last group not later than 30 days prior.

Despite these various deadlines, all absentee voters are advised to mail the FPCA at least two months prior to the election to insure timely return of the ballot.

A single FPCA serves as a request for both the primary and general election if submitted by an overseas citizen and the voter requests both ballots on the FPCA. All other voters must submit a seperate FPCA for each election.

Absentee ballots will be mailed by the county clerk to voters residing overseas not later than 35 days prior to the election.

Voted ballots must be postmarked not later than the day before the election and received by the county clerk not later than noon on the Monday following the election.

IV Oath

No registration or voting materials need be sworn to or witnessed.

Vermont

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Vermont or an overseas citizen.

The term OVERSEAS CITIZEN(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Vermont but was last domiciled in Vermont immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

A. Who May Register Absentee

Any person necessarily absent from his town may register by mail to vote.

B. Registration Procedures

Registration is accomplished by submitting the state registration form, known as "Application for Addition to the Checklist," to the town clerk. The following persons may request this form from the town clerk with the Federal Post Card Application (FPCA):

- members of the U.S. Armed Forces and their spouses and dependents
- other residents of Vermont temporarily residing outside the United States
- overseas citizens

The FPCA operates as a simultaneous request for both the ballot and the registration form. The FPCA must reach the town clerk not later than noon on the third Saturday (17 days) prior to the election.

The state registration form may be returned along with the ballot and must reach the clerk not later than the close of polls on election day.

C. Cancellation of Registration

If the person is no longer a resident of Vermont then his name may be removed from the checklist.

D. Action on Registration Requests

Upon registration a person will be notified.

E. Action if Registration is Denied

Anyone denied registration should re-apply providing the information requested in the first notice of denial. If a second denial is received that person should consult a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

Persons listed in section IIB above may apply for an absentee ballot by mailing an FPCA to the town clerk in their town of voting residence. The FPCA must reach the town clerk not later than noon, the day before the election. Voters are advised to mail the FPCA at least two months prior to the election, to insure timely arrival of the ballots.

Registered voters may also request a ballot by telephone or may have members of their immediate family request a ballot for them.

The FPCA requesting a ballot also serves as a request for the state registration form if the voter is not yet registered. In such case, however, the FPCA must arrive not later than 17 days prior to the election.

Ballots will be mailed to the voter approximately 25 days prior to the election and must be returned to the clerk by the close of polls on election day.

IV Oath

The FPCA and ballot return envelope need not sworn to or witnessed.

Those who have never registered before in Vermont must sign the "Freeman's Oath" as part of the registration process, and this oath must be signed before a commissioned officer, notary, or other official authorized to administer oaths.

V Where to Apply

The FPCA should be sent to the Town Clerk, town or city of voting residence.

A person convicted of a felony or declared mentally incompetent by court order is not permitted to register or vote.

D. Cancellation of Registration

Registration will be cancelled for those persons who are permanently registered if they failed to vote during the previous four years.

E. Action on Registration Requests

There are no provisions for notification of registration, but notice is given if registration is denied.

F. Action if Registration is Denied

If a person's application for registration is denied, an appeal may be filed in circuit court. Consult a legal assistance officer or civilian counsel in the preparation of an appeal.

III Applying for an Absentee Ballot

The following persons may apply for an absentee ballot by submitting an FPCA to the general registrar:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other residents of Virginia temporarily living outside the United States by virtue of their employment and their spouses and dependents living with them
- overseas electors

The FPCA should be submitted as early as possible to insure timely delivery of the ballot.

Those in the first two categories must submit the FFCA in time to reach the registrar not later than 5 days prior to the election.

The deadline for overseas electors is 30 days prior.

Those voters in the second category who are not yet registered and using the FPCA to simultaneously register and request a ballot must also meet the 30 day deadline.

In all cases, however, the voter should submit the FPCA as soon as possible, preferably at least two months prior to the election.

A separate FPCA must be submitted for each election.

Ballots will be mailed approximately 45 days prior to the election. They should be voted and returned immediately as they must be received by the county electoral board before the close of polls on election day.

IV Oath

The FPCA and the absentee ballot return envelope must be signed before a witness.

Washington

I Terms Used

The term PERSON(S) as used herein means a resident of Washington or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election which he wishes to participate,
3) may not now qualify as a resident of the State of Washington but was last domiciled in Washington immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, territory, or possession of the United States.

II Absentee Registration

Washington waives regular state registration procedures for the following absentee voters:

- members of the U.S. Armed Forces or merchant marine and their spouses and dependents
- other Washington residents temporarily residing outside the United States
- overseas electors

These voters may request absentee ballots whether or not they are permanently registered.

III Applying for an Absentee Ballot

Persons mentioned above may apply for an absentee ballot by mailing a signed request to the county auditor, county of voting residence. A Federal Post Card Application (FPCA) or any writing containing the same essential information may be used.

A single application is valid as a request for ballots for both the primary and general elections. It must be submitted not earlier than 45 days prior to the election and not later than the day before the election. Voters are advised to mail the application in time to reach the auditor at the 45 day point.

Ballots will be mailed approximately 20 days prior to the election. Voted ballots will be counted if postmarked or dated not later than the day of the election and received by the county auditor not later than 10 days after the primary or 15 days after the general election.

Bars to Voting

Convicted felons and those declared mentally incompetent are not permitted to vote.

IV Special Write-in Absentee Ballots

Washington provides a special write-in absentee ballot, available 90 days prior to the election, for certain absentee voters.

It differs from a regular ballot in that the offices to be voted upon appear on the ballot, but not the names of the candidates. The voter must write in the name of the candidate of his choice for each office. To aid the voter the county auditor will send along with the ballot a list of known candidates as of the date the write-in ballot request is received. Ballot propositions scheduled to be voted upon will also be included.

The write-in ballot is available to any person outside the continental United States who writes the auditor and states his current mailing address, his last Washington address, and that he will be residing, stationed, or working outside the continental United States and believes he will be unable to vote and return a regular absentee ballot by normal mail delivery within the period provided for regular absentee ballots. An FPCA may be used as the request if the above statement is written on it.

Special write-in ballots will be available not earlier than 90 days prior to the election. When regular ballots become available they will be sent in place of the write-in ballots.

V Oath

The FPCA and the absentee ballot return envelope need not be sworn to or witnessed.

VI Where to Apply

The FPCA or other signed request should be sent to the County Auditor as listed below (except in King County, where it should be sent to the Division of Records & Elections, Room 553, King County Administration Building, Seattle 98104):

Wisconsin

I Terms Used

The term PERSON(S) as used herein means a United States citizen and resident of Wisconsin or an overseas elector.

The term OVERSEAS ELECTOR(S) as used herein means a citizen of the United States who:

1) is outside the United States,
2) is or will be 18 years of age by the date of the election in which he wishes to participate,
3) may not now qualify as a resident of the State of Wisconsin but was last domiciled in Wisconsin immediately prior to departure from the United States, and
4) is not registered to vote and is not voting in any other state, terrritory, or possession of the United States

II Absentee Registration

A. Who May Register Absentee

Any resident of Wisconsin or overseas elector may register by mail to vote where registration is required.

However, Wisconsin waives regular state registration procedures for the following absentee voters:

- members of U.S. Armed Forces or merchant marine
- civilian employees of the U.S. Government overseas
- spouses and dependents of the above who are accompanying them outside the United States

These voters may request absentee ballots using the Federal Post Card Application (FPCA) whether or not they are registered.

Also, many Wisconsin towns with populations under 5,000 do not require registration of any voter. Persons from these communities simply request absentee ballots following the directions under section III.

B. Registration Procedures

Voters in the categories mentioned above for whom registration is waived, or voters who are registered already, should apply for a ballot following the instructions in Section III.

Voters in the following categories who are *not* registered may use the FPCA to request state registration forms and an absentee ballot:

- Wisconsin residents temporarily residing outside the United States (other than those mentioned in Section IIA above)
- spouses and dependents of military members residing *within* the United States
- overseas electors (for Federal elections only)

The municipal clerk, upon receipt of the FPCA, will mail the state registration form to the voter. The state registration form must be returned to the clerk, postmarked or hand delivered not later than the second Wednesday (13 days) prior to the election. Upon receipt of the registration form, the clerk will mail the absentee ballot. Overseas electors will be registered for and receive ballots for Federal offices only.

Municipal clerks in some instances will mail the ballot along with the state registration form. In such cases the state form must still be returned by the 13 day deadline, or the ballot will not be counted.

The FPCA itself may be used as the registration form in some instances. However, this can be done only if the FPCA is signed before an oath taking official or any other *two* witnesses. Thus, it is recommended that the voters in the three categories above sign their FPCA's before the appropriate person or persons.

C. Bars to Registration and Voting

Persons convicted of treason, bribery, or other felony, or betting on the outcome of an election, or persons under a guardianship order who are incapable of understanding the objectives of the electoral process may not register or vote. Those convicted of the above crimes may vote if their civil rights have been restored.

D. Cancellation of Registration

Registration will be cancelled for failure to vote within the previous four years.

E. Action on Registration Requests

Persons using the FPCA to register will not be notified of registration.

F. Action if Registration is Denied

If a registration request is denied, it is advisable to consult a legal assistance officer or civilian counsel.

III Applying for an Absentee Ballot

The following persons may request an absentee ballot by submitting an FPCA to their municipal clerk:

- members or the U.S. Armed Forces or merchant marine and their spouse and dependents
- other residents of Wisconsin temporarily residing outside the United States
- overseas electors (for Federal elections only)

The FPCA must arrive at the clerk's office not earlier than the first day of the month three months prior to the election and not later than the Friday before the election.

Certain of the above voters must be registered prior to their absentee ballots being counted (see section IIB). Those voters may apply for both registration forms and a ballot with a single FPCA, however, the FPCA must be sent well in advance of the election since the state registration forms must be delivered to the clerk or postmarked not later than 13 days prior to the election.

A separate FPCA must be submitted for each primary, general, and any special election.

Absentee ballots will be mailed approximately 21 days prior to the election and must be returned to the clerk not later than the close of polls on election day to be counted.

IV Oath

The FPCA need not be sworn to or witnessed.

The state voter registration form and absentee ballot return envelope must be witnessed by two persons or sworn to before a commissioned officer or any other person authorized to administer oaths. (The FPCA should also be witnessed or sworn to when used by those voters listed in section IIB who are not registered since municipal clerks often use the FPCA in lieu of the state form, if the FPCA is witnessed or sworn to.)

V Where to Apply

The FPCA must be submitted to the Municipal Clerk in the city, town, or village of voting residence. If the voter is from Milwaukee, the FPCA should be submitted to the City Board of Election Commissioners.

Electoral Vote

The votes cast for president and vice president by presidential electors in what is known popularly as the Electoral College. The total electoral vote is 538, with 270 needed to win the election. Traditionally, by law or custom, the candidate who wins the most popular votes in a state wins all of that state's electoral votes.

Elector

A qualified voter. Also used for those 538 members of the Electoral College

General Election

An election held to choose candidates nominated in the primary (or by convention or caucus), for federal, state, and local office.

The electors comprise the Electoral College, which elects the president and vice president, the only elective federal officials not elected by direct majority vote of the people.

Write-In

(42 U.S.C. § 1973cc et seq.)

PART I—RECOMMENDATION TO STATES

Sec. 1973cc. State enactment of absentee voting legislation; covered persons

(a) The Congress expresses itself as favoring, and recommends that the several States take, immediate legislative or administrative action to enable every person in any of the following categories who is absent from the place of his voting residence to vote by absentee ballot in any primary, special, or general election held in his election district or precinct, if he is otherwise eligible to vote in that election:

(1) Members of the Armed Forces while in the active service, and their spouses and dependents.

(2) Members of the merchant marine of the United States, and their spouses and dependents.

(3) Citizens of the United States temporarily residing outside the territorial limits of the United States and the District of Columbia and their spouses and dependents when residing with or accompanying them.

(b) Each State shall enable every citizen in the following categories who is absent from the place of his voting residence to register absentee and to vote by absentee ballot in any Federal election, as defined in section 1973dd(1) of this title, held in his election district or precinct if he is otherwise eligible to vote in that election:

(1) Members of the Armed Forces while in the active service, and their spouses and dependents.

(2) Members of the merchant marine of the United States and their spouses and dependents.

The rights granted in this section shall be supplemental to the voting rights presently enjoyed by these citizens under other Federal and State laws.

Sec. 1973cc-1. Balloting procedures

To afford ample opportunity for persons covered by section 1973cc of this title to vote for Federal, State, and local officials and to use the absentee balloting procedures to the greatest extent possible, it is recommended that each of the several States—

(1) accept as applications for absentee ballots under such States' absentee balloting laws, as applications for registration under such States' election laws, and as sources of information to implement State absentee balloting laws, the form of post card (when duly executed by a person covered by section 1973cc of this title) provided pursuant to this subchapter;

(2) waive registration of persons covered by section 1973cc of this title, who, by reason of their service, have been deprived of an oportunity to register;

(3) accept the post card application provided pursuant to this subchapter as a simultaneous application for registration and for ballot;

(4) if a special application is required for registration by mail, provide that the necessary forms will be sent with the absentee ballot and may be returned with it;

(5) make provision for persons eligible to register and qualified to vote, who have been honorably discharged from the Armed Forces, or have terminated their service or employment, too late to register at the time when, and at the place where, registration is required, to vote at the election next ensuing after such discharge or termination;

(6) authorize and instruct the State or local election officials, upon receipt of the post card application provided pursuant to this subchapter, to mail immediately to the applicant a ballot, instructions for voting and returning the ballot, and a self-addressed envelope;

(7) provide that there be printed across the face of each envelope in which a ballot is sent two parallel horizontal red bars, each one-quarter inch wide, extending from one side of the envelope to the other side, with an intervening space of one-quarter inch, the top bar to be one and one-quarter inches from the top of the envelope, and with the words "Official Election Balloting Material—via Air Mail," or similar language, between the bars; that there be printed in the upper right corner of each such envelope, in a box, the words "Free of U.S. Postage, Including Air Mail;" that all printing on the face of each such envelope be in red; and that there be printed in red in the upper left corner of each State ballot envelope an appropriate inscription or blanks for return address of sender;

(8) provide that the gummed flap of the State envelope supplied for the return of the ballot, be separated by a wax paper or other appropriate protective insert from the remaining balloting material and that there be included in State voting instructions a procedure to be followed by absentee voters, such as notation of the facts on the back of the envelope duly signed by the voter and witnessing officer, in instances of adhesion of the balloting material;

(9) reduce in size and weight of paper, as much as possible, envelopes, ballots, and instructions for voting procedure;

(10) for the purposes of this subchapter, authorize oaths required by State law to be administered and attested by any commissioned officer in the active service of the Armed Forces, any member of the merchant marine of the United States designated for this purpose by the Secretary of Transportation, the head of any department or agency of the United States, any civilian official empowered by State or Federal law to administer oaths, or any civilian employee designated by the head of any department or agency of the United States;

(11) include in State voting instructions express information concerning the type or types of writing instruments which may be used to mark the absentee ballot, preferably pen or indelible pencil; and

(12) provide that absentee ballots will be available for mailing to the applicant as soon as practicable before the last date on which such ballot will be counted.

Sec. 1973cc-2. Statistical data

It is recommended that each of the several States make available to the officer designated by the President under section 1973cc-11 of this title appropriate statistical data to assist him in compiling comprehensive information of operations under this subchapter.

Sec. 1973cc-3. Personnel residing on military installations; acquisition of legal residence for voting purposes

It is recommended that each of the several States permit any person covered by section 1973cc(1) of this title who is otherwise fully qualified to register and vote in the State to acquire legal residence in that State, notwithstanding his residence on a military installation, and to register and vote in local, State and national elections.

PART II—RESPONSIBILITIES OF FEDERAL GOVERNMENT

Sec. 1973cc-11. Presidential designee to coordinate and facilitate actions to discharge Federal responsibilities; report

The President is authorized to designate, with provision for redelegation, the head (hereinafter referred to as the Presidential designee) of any executive department or agency to coordinate and facilitate such actions as may be required to discharge Federal responsibilities under this subchapter. The Presidential designee is authorized to request from other executive departments and agencies such assistance as he deems necessary to effectuate the purposes of this subchapter, and shall submit a report to the President and to the Congress the first odd-numbered year following the year in which the Presidential election is held. Such report shall cover the administration of Federal responsibilities authorized under this part, the progress of the States in carrying out the recommendations contained in Part I of this subchapter, statistical data relating to absentee voting, and such other information as the Presidential designee may consider appropriate.

Sec. 1973cc-12. Current absentee voting information

The Presidential designee shall request annually or more often when appropriate, each State to furnish him with current absentee voting information for such State. Such information shall include election dates, officers to be elected, constitutional amendments, and other proposals to be voted on, absentee registration and voting procedures, any provision under such State's law requiring the removal of the name of any person from such State's registration roll (for whatever reason), information related to the number of absentee voters in a State who are entitled to vote in Federal elections under this subchapter, and other relevant data. STATE INCOME TAXATION OF MILITARY PERSONNEL AND UNITED STATES CITIZENS RESIDING OUTSIDE OF THE UNITED STATES

Introduction

This report examines and summarizes the laws of the fifty States and the District of Columbia respecting the taxation of income of United States citizens domiciled within the State but residing abroad. Specifically, the report is divided into four substantive sections, examining different features of State tax law.

Section I of this report discusses the definition of domicile used by each State for income tax purposes and the broad tax base adopted by many States, which can result in the inclusion of foreign income earned by domiciliaries of the State. This Section is divided into a discussion of the definition of domicile and residency for State income tax purposes, the tax base used by the State, and the probable income tax obligation in each of these States for domiciliaries residing abroad. In addition, special note is made where State domicile or residency is determined in whole or in part by voting within the State and where special rules apply to military personnel.

In regard to the special rules applicable to military personnel, a number of States merely refer to the tax provisions of the Soldiers' and Sailors' Civil Relief Act, presently found at 50 U.S.C. app. § 574. Generally, this section provides that for State income tax purposes, an individual does not lose domicile in a specific State solely "by reason of being absent therefrom in compliance with military or naval orders." The same law also provides that, for State income tax purposes, an individual does not acquire residence or domicile solely because of location under military orders. The Act further states that, where an individual is not deemed to reside or be domiciled in a State, military income will be treated by that State as nonresident income.

Section II of this report discusses the laws of those States which permit their domiciliaries or citizens to credit against State income tax liabilities the taxes paid to a foreign government. In many cases, these States merely permit credit of any taxes paid outside of the State, to other States or to foreign governments.

Section III of this report discusses the laws of those States which provide a general or limited exemption from income of a portion of the earned income of United States citizens residing abroad to the same extent as does Federal law. This Section of the report, however, may create some difficult construction problems, because several States have not taken into account changes in the Federal foreign earned income rules made in 1981.

Prior to the Tax Reform Act of 1976 and the Foreign Earned Income Act of 1978, section 911 of the Internal Revenue Code (hereinafter "Code") permitted United States citizens who resided abroad to exclude from their gross income up to $25,000 of income earned abroad. The Tax Reform Act of 1976, Pub. L. 94-455, 94th Cong., 2d Sess. (1976), sought to limit and modify the rules of Code section 911. Concern over the potential impact of this provision, however, led to its suspension in 1977. Pub. L. 95-30, 95th Cong., 1st Sess. (1977). The Foreign Earned Income Act of 1978, Pub. L. 95-615, 95th Cong., 2d Sess. (1978), provided new rules for the treatment of the income earned abroad by United States citizens. Under revised sections 911 through 913 of the Code, United States citizens residing abroad were entitled to a series of special deductions if they incurred extraordinary living and other costs. Generally, these special deductions included an "excess living cost deduction" under Code section 913, a special $5,000 deduction for taxpayers working in certain hardship areas, a $20,000 deduction for taxpayers working in camps in certain hardship areas, and a liberalized moving expense deduction. See Staff of the Joint Committee on Taxation, 96th Cong., 1st Sess., *General Explanation of the Foreign Earned Income Act of 1978* (February 23, 1979) (Committee Print).

The Economic Recovery Tax Act of 1981 essentially returned to the pre-1976 system. Instead of the previous law's deductions and exclusions, the new amendment provided for two exclusions—part of the foreign earned income of the individual and a housing cost amount. With respect to the first taxpayers living abroad who were present in a foreign country or countries for 330 days out of any 12 consecutive months were able to exclude up to $75,000 of foreign earned income in 1982. Each year after 1982 until 1986, the excludable amount of income increased by $5,000. For 1986 and thereafter, the permanent exclusion will be $95,000 per year.

The housing cost amount is the excess of the taxpayer's expenses over a base housing amount. The base housing amount is equal to 16 percent of the salary of a GS-14 government employee. Currently, this salary is $44,430 so the current base housing amount would be $7,109. Housing costs provided by an employer may also be excluded from the gross income of the employee. In line with this, section 119 of the Code was also amended to provide that lodging furnished in an overseas camp may be excluded from the employee's income.

(For further information, consult the conference committee report on the Economic Recovery Tax Act of 1981, S. Rep. No. 176, 97th Cong., 1st Sess. 20–26, 203–205 (1981)).

Section IV of this report lists those States which do not impose an income tax. Since no income tax is imposed, there can really be no substantive discussion of the treatment of United States citizens domiciled in the State but residing abroad. Eight States impose no income tax. States which tax only certain types of income, such as dividends and interest (see discussions of Tennessee and Connecticut) are discussed under the general tax provisions in Section I.

Since the Tax Reform Act of 1976 (Public Law 94–455) removed the prohibition on withholding of State income taxes from the pay of members of the armed services, most States and the District of Columbia have signed agreements with the Treasury Department which provide for the withholding of State income taxes from the pay of service members. The text of the standard agreement may be found at 31 CFR 215.6 (1984). The following States do not have standard agreements with the Treasury Department to withhold State income taxes from the pay of members of the armed services: Alaska, Connecticut, Florida, South Dakota, Tennessee, Texas, Washington, and Wyoming.

The information contained in this report is accurate through the end of the 1984 legislative session of each State. The dates that are indicated at the end of the State code citations are the dates of the most recent amendment to that section of the code, rather than the customary reference to the date of the cited volume.

The elements of a new domicile on the fact sheet include: *voter registration and exercise of suffrage during the last* three elections, domicile of birth, physical presence, expressed intentions, family residence, duty causing absence from Arkansas, State licenses, location of substantial real and property holdings, community affiliations, business interests bulk or necessary purchases, utility or telephone deposits, and local taxes and licenses. California	Residents–The term resident for income tax purposes includes: (a) every individual who is in the State for other than a temporary or transitory purpose, and (b) every individual domiciled in the State who is outside the State for a temporary or transitory purpose. Any individual who is a resident of the State continues to be a resident even though temporarily absent from the State. An individual domiciled in California is absent from the State for a temporary purpose if such absence is by reason of (1) holding an elected or appointed office in the Federal Government or working on the staff of an elected officer of the legislative branch of the U.S. Government. Cal. Rev. & Tax Code § 17014 (1974). Every individual who spends in the aggregate more than nine months of the taxable year within the State is presumed to be a resident. Cal. Rev. & Tax Code § 17016 (1970). The California Franchise Tax Board has decided that a Career Serviceman becomes a nonresident when he leaves California under permanent change of station orders. FTB, LR 300, April 23, 1965. A member of the armed forces owning a house in California is not a resident of the State where his presence resulted from military orders and his assignments were temporary in nature. FTB, LR 300, April 23, 1965. A nonresident woman who marries a California resident while he is serving in the armed forces outside of California is not a resident of California until they return to California. FTB, LR 149, Dec. 5, 1958. The California State Board of Equilization stated that a merchant seaman who owns a home and maintains a bank account in California and who is not a resident of any other state is considered to be a resident of California for tax purposes, even though he spent two hundred and ten days aboard ship. Appeal of Bernard and Helen Fernandez, SBE, June 2, 1971.	The entire taxable income of a resident of the State. Cal. Rev. & Tax Code § 1704(a) (1978). The entire taxable income of a nonresident of the State which is derived from sources within the State. The entire taxable income of resident military personnel except for: (1) one thousand dollars active duty pay, (2) all mustering out pay, (3) terminal leave pay, and (4) the pay of a noncommissioned officer for active service in a combat zone or hospitalization as a result of such service. Nonresident military personnel are not taxed on military income received while stationed in California. Wives of military personnel taxable on income derived from sources within the State. Cal. Rev. & Tax Code §§ 17139-17140 (1983). The entire Taxable income of a merchant seaman who is a resident of the State. District of Columbia	Residents–The word resident is defined as every individual domiciled within the District on the last day of the taxable year, and every other individual who maintains a place of abode within the District for more than seven months of the taxable year, whether domiciled in the District or not. D.C. Code Tit. 47, § 1801.4 (1980). Under an earlier District of Columbia tax law, the Supreme Court held that domicile is a question of fact settled by an examination of all of the factors showing a person's intention, such as political rights, physical presence, and social and business contacts. The Court found that whether or not a person votes where he claims domicile is highly relevant, but by no means controlling on the question whether he is domiciled in the District of Columbia, nor is failure to vote elsewhere conclusive that domicile is in the District. *District of Columbia* v. *Murphy*, 314 U.S. 441 (1941). Military personnel are not deemed to have lost or acquired a residence or domicile in a State, Territory or possession by being absent or present in the State or Territory solely because of military or naval orders. Hawaii	Residents and certain nonresidents—A resident is defined as every individual who resides in the State for other than a temporary or transitory purpose. Every individual who is in the State more than 200 days of the taxable year in the aggregate is presumed to be a resident. This presumption may be overcome by evidence satisfactory to the Department of Taxation that the individual maintains a permanent place of abode outside of the State and is in the State for a temporary or transitory purpose. No person shall be deemed to have gained or lost a residence simply because of his presence or absence in compliance with military or naval orders. Haw. Rev. Stat. § 235-1 (1975).	The entire income of all residents. The income received or derived from property owned, personal services performed, trade or business carried on, and any and every other source in the State by a nonresident. Haw. Rev. The term nonresident is defined as any natural person whose domicile is outside the Commonwealth. Mass. Gen. L. Ann. ch. 62, § 1(f) (1983). The Massachusetts Board of Tax Appeals has ruled that change of domicile from the Commonwealth to a foreign country requires greater proof of intent to abandon domicile than a change of domicile between states of the United States. *Farr* v. *Commissioner*, 1 Mass. B.T.A. 467 (1932). See Soldiers' and Sailors' Civil Relief Act.	(1) The taxable income of residents defined as federal adjusted gross income. However, Massachusetts does not allow the exclusion of income from sources without the United States in the Computation of Massachusetts taxable income. Mass. Gen. L. North Carolina	Residents and nonresidents—The term resident is defined as an individual who is domiciled in the State for other than a temporary or transitory purpose. Absent other evidence, residence in the State for over six months of the taxable year raises a presumption of permanent residence; but absence from the State for more than six months raises no presumption that the individual is not a resident. N.C. Gen. Stat. § 105-135(13)(1983). See Soldiers' and Sailors' Civil Relief Act.	(1) The net income of residents as defined under N.C. Gen. Stat. § 105-136 (1979). Pa. Stat. tit. 72 § 7301(p) (1983). See Soldiers' and Sailors' Civil Relief Act.	(1) The entire income of residents defined under Pa. Stat. tit. 72 § 7303 (1983). (2) The income of nonresidents derived from sources within Pennsylvania. Pa. Stat. tit. 72 § 7303 (1983). Pennsylvania allows residents a credit for taxes paid to a foreign country on income also subject to tax in Pennsylvania. Pa. Stat. tit. 72 §§ 7301(t), 7314 (1980). Military compensation for active duty performed outside of Pennsylvania is exempt from taxation. Pa. Stat. tit. 72 § 7303(a)(1) (1983). Colorado	Resident individuals and nonresidents—The term resident individual means a natural person who maintains a permanent place of abode within the State and who spends in the aggregate more than six months of the taxable year within the State. A nonresident individual means an individual other than a resident individual. 16 Colo. Rev. Stat. § 39.22.103(10) (1984). The Colorado Tax Regulations state that domicile is a factual matter and that the individual's intent controls. The Regulations also state that domicile, once established is not lost until a new domicile is established. § 39-22-103.10. See Soldiers' and Sailors' Civil Relief Act.	The entire federal adjusted gross income of resident individuals, with certain modifications not herein relevant. 16 Colo. Rev. Stat. § 39-22-110 (1984). Since Colorado computes its own taxable income from federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Colorado taxable income. 16 Colo. Rev. Stat. § 39-22-110 (1984). The entire federal adjusted gross income of nonresident individuals derived from sources within Colorado. 16 Colo. Rev. Stat. § 39-22-115(2) (1983). For purposes of determining income tax liability, Colorado disregards the time period during which an individual is a member of the armed forces of the United States: (1) commencing with a declaration of war by Congress and ending twelve months after the termination of the war; and (2) when an individual is serving in an area designated as a combat zone and a period of one hundred and eighty days after such service. 16 Colo. Rev. Stat. § 39.22-610 (1971). Colorado subtracts retirement pay, pensions and annuities of members of the armed forces to the extent included in federal adjusted gross income not to exceed two thousand dollars in any one taxable year. 16 Colo. Rev. Stat. §§ 39-22-110(i), (1984). Since Colorado computes its own taxable income from federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Colorado taxable income. 16 Colo. Rev. Stat. § 39-22-110 (1984).	Resident individuals—Subject to State income taxation on federal adjusted gross income (above the exclusions under §§ 911–912 of the Internal Revenue Code). Nonresident individuals—Subject to State income tax on federal adjusted gross income attributable to sources within Colorado. Military personnel—Subject to tax on military pay with stated exclusions.

Delaware	Resident Individuals and nonresident individuals. A resident individual is defined as one who is domiciled in the State for any part of the taxable year to the extent of the period of such domicile; or maintains a place of abode in the State and spends more than 183 days of the taxable year in the State. 15 Del. Code Ann. tit. 30, § 1103 (1981). A nonresident individual is defined as one who is not a resident individual of the State. 15 Del. Code Ann. tit. 30, § 1104 (1974). The Delaware Superior Court has held that an individual who had moved to Washington, D.C. to take employment, but who continued to vote in Delaware, had, nevertheless, abandoned his Delaware domicile. The court found that the voting, which it termed "illegal," did not prove Delaware domicile. *Mitchell v. Delaware State Tax Commissioner*, 42 A.2d 19 (Del. Supr. Ct. 1945). See Soldiers' and Sailors' Civil Relief Act.	The entire taxable income of every resident individual defined as such individual's federal adjusted gross income with certain modifications not herein relevant. 15 Del. Code Ann. tit. 30, §§ 1105,05 (1984). Since Delaware computes its own taxable income from federal adjusted gross income, the exclusions under §§ 911-912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Delaware taxable income. The taxable income of a nonresident individual defined as that part of his federal adjusted gross income derived from sources within the State. 15 Del. Code Ann. tit. 30 § 1102 (1984). Since Delaware computes its own taxable income from federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Delaware taxable income. 15 Del. Code Ann. tit. 30 § 1105 (1974).	Resident individuals—Subject to State income taxation on federal adjusted gross income (above the exclusions under §§ 911-912 of the Internal Revenue Code). Nonresident individuals—Subject to State income tax on federal adjusted gross income attributable to sources within Delaware. Military personnel—Subject to tax on military compensation with stated exclusions.
Georgia	Residents and taxable nonresidents—The term resident is defined to include "legal residents" of the State on December 31 of the taxable year in question, persons residing in the State on a "more or less regular basis" on December 31 of the taxable year under consideration, and persons residing in the State in the aggregate for 183 days or part-days for the taxable year. Ga. Code § 48-7-1(10) (1981). Taxable nonresidents are defined to include the following: (1) every individual who is not otherwise a resident of Georgia for income tax purposes and who regularly, and not casually or intermittently, engages within Georgia, himself or by means of employees, agents or partners, in employment, trade, business, professional, or other activity for financial gain or profit, including the rental of real or personal property located within Georgia or for use within Georgia. "Taxable nonresident" as defined herein does not include a legal resident of another State whose only activity for financial gain or profit in Georgia consists of performing services in Georgia for an employer where the renumeration for such services does not exceed five percent of the income received by such person for performing services in all places during any taxable year, and (2) every individual who is not otherwise a resident of Georgia for income tax purposes and who sells, exchanges or otherwise disposes of tangible property which at that time has a taxable situs within Georgia, or of intangible property which has acquired at the time a business or commercial situs within Georgia. Ga. Code § 48-7-1(11) (1981). See Soldiers' and Sailors' Civil Relief Act.	(1) The taxable net income of all residents defined as federal adjusted gross income less items not herein relevant. Since Georgia computes its own taxable net income on the basis of federal adjusted gross income, the exclusions under §§ 91-912 of the Internal Revenue Code for Income from sources without the United States is apparently adopted by reference into the computation of Georgia's taxable net income. Ga. Code § 48-7-27 (1984). (2) The taxable net income of taxable nonresidents of Georgia defined as the entire net income from certain specified activities carried on within Georgia. Ga. Code § 48-7-20 (1984). The laws pertaining to taxation of military personnel prior to 1976 have been repealed. Therefore, military personnel are apparently taxed as residents on federal adjusted gross income less specified items. Since Georgia computes its own taxable income from Federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Georgia taxable income. Ga. Code § 48-7-27 (1984).	Residents—Subject to tax on federal adjusted gross income (above the exclusions under §§ 911-912 of the Internal Revenue Code). Taxable nonresidents—Subject to tax on net taxable income derived from certain specified activities within Georgia. Military personnel—Appear to be taxed as residents on federal adjusted gross income less specified items.

(1) Taxable income of residents defined as taxable income under § 63 of the Internal Revenue Code. Since Idaho computes its taxable income from federal taxable income, §§ 911-912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Idaho taxable income. Ida. Code §§ 63-3022, 24 (1984). (2) The taxable income of nonresidents and part-year residents to the extent it is attributable to certain specified activities within Idaho. Ida. Code § 63-3027A (1985). The Idaho Code provides for a credit for income taxes paid to another State or territory. The term "Income tax to another State" includes taxes paid to another State, a possession of the United States, or the District of Columbia. Ida. Code § 63-3029 (1982). (3) Taxable income does not include compensation paid to full-time members of the armed forces on active duty for one hundred twenty consecutive days or more for service performed outside of Idaho. The term part-year resident is defined as an individual who became a resident during the taxable year or ceased to be a resident during the taxable year. Ill. Stat. Ann. ch. 120 § 15-1501(17) (1984). The term nonresident is defined as a person who is not a resident. Ill. Stat. Ann. ch. 120 § 15-1501(14) (1984). See Soldiers' and Sailors' Civil Relief Act.	The entire federal adjusted gross income of residents, with certain modifications not herein relevant. Since Illinois computes its own base income from federal adjusted gross income, the exclusions under §§ 911-912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Illinois base income. Ill. Stat. Ann. ch. 120 §§ 2-203(a)(1), (d)(1) (1984). All income of part-year residents and nonresidents attributable to certain activities within Illinois. Ill. Stat. Ann. ch. 120 §§ 3-301, 304 (1980). Illinois deducts from gross income any compensation paid to a resident who is a member of the armed forces of the United States while on active duty. Ill. Stat. Ann. ch. 120 § 203(a)(2)(d) (1984).	Residents—Subject to tax on federal adjusted gross income (above the exclusions under §§ 911-912 of the Internal Revenue Code). Ind. Stat. § 6-3-1-12 (1972). The term nonresident is defined as any person who is not a resident of Indiana. Ind. Stat. § 6-3-1-13 (1972). See Soldiers' and Sailors' Civil Relief Act.	The entire federal adjusted income of residents, with adjustments not herein relevant. Ind. Stat. § 6-2.1-2-2 (1981). Since Indiana computes its own taxable income from federal adjusted gross income, the exclusions under §§ 911-912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Indiana taxable income. Ind. Stat. § 6-2.1-2-2 (1981). The federal adjusted gross income of nonresidents derived from sources within Indiana. Ind. Stat. § 6-3-2-1 (1984). Indiana also gives its residents and nonresidents a credit against Indiana income tax for taxes paid to a foreign country on income subject to tax in Indiana. Ind. Stat. §§ 6-3-3-3, 6-3-1-25 (1965). Indiana allows a deduction of $2,000 per year as a modification of adjusted gross income for Indiana residents who are members of the United States armed forces. Ind. Tax Regs. 6-3-1-3-5(a)(050)(10). Iowa	Residents and nonresidents—The term resident is defined as any individual domiciled in the State, and any other individual who maintains a permanent place of abode within the State. Iowa Code § 422.4(8) (1983). The term nonresident includes all individuals who are not residents. Iowa Code § 422.4(12) (1983). The Iowa tax regulations state that unless there is evidence to the contrary, one will be presumed to be domiciled in the State if he or she exercises the right to vote, uses homestead credit or military exemption, or otherwise exercises his or her rights to suffrage. Iowa Tax Regs subrule 38.1(9). See Soldiers' and Sailors' Civil Relief Act. If a spouse of an Iowa resident in the military is a resident of Iowa, the spouse should report any income earned to Iowa. Spouses of Iowa resident military personnel who were residents of another state prior to their marriage to the Iowa resident will usually not be considered residents of Iowa until they actually reside in Iowa. Iowa Tax News, Vol. 4, No. 1, January (1978).	The entire net income of residents defined as federal adjusted gross income, with certain adjustments not herein relevant. Since Iowa computes its own net income from federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Iowa net income. Iowa Code §§ 422.5, 6 (1983). The net income of nonresidents derived from sources within Iowa. Iowa Code §§ 422.5, 6 (1983). Iowa also provides a credit against Iowa tax for taxes paid to a foreign country on income subject to tax in Iowa and the foreign country. Iowa Code § 422.8 (1983). A resident of Iowa who is on active duty in the armed forces of the United States, for more than six continuous months, shall not include any income received for service performed on or after January 1, 1969 or prior to January 1, 1977. Iowa taxation of active duty pay shall be terminated when: (1) universal military service is reinstated by Congress or when a state of war is declared to exist by Congress (1983).	Residents—Subject to tax on federal adjusted gross income (above the exclusions under §§ 911–912 of the Internal Revenue Code) with the possibility of a credit for foreign taxes paid. Nonresidents—Subject to tax on federal adjusted gross income derived from sources within Iowa, with the possibility of a credit for foreign taxes paid. Military personnel—Subject to tax on military compensation with stated exclusions.
Kansas	Resident individuals and nonresidents—A resident individual is defined as a natural person who is domiciled in the State. A natural person who spends in the aggregate more than six months of the taxable year within the State is presumed to be a resident. Kan. Stat. § 79–32, 109(b) (1983). The term nonresident is defined as an individual other than a resident individual. Kan. Stat. § 79–32, 109(b) (1983). The Kansas tax regulations state that voting is prima facie evidence of domicile in Kansas. Kan. Tax Reg. § 92–12–4. See Soldiers' and Sailors' Civil Relief Act.	(1) The taxable income of a resident individual defined as such individual's federal adjusted gross income for the taxable year, with certain modifications not herein relevant. Kan. Stat. §§ 79–32, 110, 117 (1980). (2) The taxable income of nonresident individuals defined as that portion of federal adjusted gross income derived from sources within Kansas. Kan. Stat. § 79–32, 110 (1979). Since Kansas computes its own taxable income from federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Kansas taxable income. Since Kansas computes its own taxable income from federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Kansas taxable income. Kan. Stat. § 79–32, 110 (1979).	Residents—Subject to tax on federal adjusted gross income above the exclusions under §§ 911–912 of the Internal Revenue Code. Nonresidents—Subject to tax on that portion of federal adjusted gross income derived from sources within Kansas. Military personnel—Subject to tax on military compensation with stated exclusions.
Kentucky	Residents and nonresidents—The term resident is defined as an individual domiciled within the State or an individual who is not domiciled in the State, but maintains a place of abode in the State and spends in the aggregate more than 183 days of the taxable year within the State. Ky. Rev. Stat. § 141.010 (17) (1984). The term nonresident is defined as any individual who is not a resident of the State. Ky. Rev. Stat. § 141.010(18) (1984). The Kentucky tax regulations specify that an individual who is permitted to file a federal income tax return as a nonresident citizen, and who immediately prior to residing in a foreign country was domiciled in Kentucky, is considered a Kentucky resident and must file a resident individual income tax return. Ky. Tax Reg. 103 KAR 17:010. See also, the following two opinions of the Kentucky Attorney General relating to this subject: Op. Atty. Gen. Ky. (July 12, 1939); Op. Atty. Gen. Ky. (May 12 1960). See Soldiers' and Sailors' Civil Relief Act.	(1) The entire net income of every resident individual defined as such individual's federal adjusted gross income with certain modifications not herein relevant. Ky. Rev. Stat. § 141.020(1). (1976). (2) That portion of federal adjusted gross income of nonresidents derived from sources within Kentucky. Ky. Rev. Stat. § 141.020(4) (1976). Since Kentucky computes its own taxable income from federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Kentucky taxable income. Ky. Rev. Stat. § 141.020 (1976).	Residents—Subject to tax on federal adjusted gross income (above the exclusions under §§ 911–912 of the Internal Revenue Code). Nonresidents—Subject to tax on federal adjusted gross income derived from sources within Kentucky. Military personnel—Subject to tax on military compensation with stated exclusions.

Maine	Residents and nonresidents—The term resident is defined as an individual who is domiciled in Maine; or who is not domiciled in Maine, but maintains a permanent place of abode in Maine and spends in the aggregate more than 183 days of the taxable year in this State, unless he is in the armed forces of the United States. 16 Me. Rev. Stat. tit. 36 § 5102 (1983). The term nonresident is defined as an individual who is not a resident. 16 Me. rev. Stat. tit. 36 § 5102 (1983). See Soldiers' and Sailors' Civil Relief Act.	(1) The taxable income of residents defined as federal adjusted gross income allocated to State sources with certain modifications not herein relevant. Since Maine computes its own taxable income from federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Maine taxable income. 16 Me. Rev. Stat. tit. 36 §§ 5111 (1983), 5121 (1978). (2) The portion of federal adjusted gross income of nonresidents derived from sources within the State. 16 Me. Rev. Stat. tit. 36 §§ 5140 (1978), 5142 (1981). If a taxpayer is regarded as a resident of Maine and another jurisdiction for the purpose of personal income taxation, the tax assessor shall reduce the tax on that portion of the taxpayer's income which is subjected to tax in both jurisdictions, provided that the other taxing jurisdiction allows a similar reduction. 16 Me. Rev. Stat. tit. 36 § 5128 (1979). Since Maine computes its own taxable income from federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Maine taxable income. 16 Me. Rev. Stat. tit. 36 § 5111 (1983).	Residents—Subject to tax on taxable income in excess of the exclusions under §§ 911-912 of the Internal Revenue Code with the possibility of a reduction of taxes for taxes paid to another jurisdiction. Nonresidents—Subject to tax on the portion of federal adjusted gross income derived from sources within Maine with the possibility of a reduction in taxes for taxes paid to another jurisdiction. Military personnel—Subject to tax on military compensation with stated exclusions.
Maryland	Residents and nonresidents—The term resident is defined as any individual domiciled in the State on the last day of the taxable year, and every other individual who, for more than six months of the taxable year, maintains a place of abode within the State, whether domiciled in the State or not. Md. Code Art. 81 § 279(i) (1975). Evidence that a person has registered to vote in Maryland is ordinarily persuasive evidence that such person is domiciled in Maryland. *Comptroller of the Treasury* v. *Lenderking*, 268 Md. 613, 303 A.2d 402 (1973). See Soldiers' and Sailors' Civil Relief Act.	(1) The taxable net income of residents defined as federal adjusted gross income with certain modifications not herein relevant. Since Maryland defines its taxable net income in terms of federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into Maryland taxable income. Md. Code Art. 81 § 280 (1984). (2) The portion of a nonresident's federal adjusted gross income derived from sources within the State. Md. Code Art. 81 § 287 (1977). Since Maryland computes its own taxable income from Federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Maryland taxable income. Md. Code Art. 81 § 280 (1984).	Residents—Subject to tax on federal adjusted gross income above the exclusions under §§ 911–912 of the Internal Revenue Code. Nonresidents—Subject to tax on the portion of federal adjusted gross income derived from sources within Maryland. Military personnel—Subject to tax on military compensation with stated exclusions.
Michigan	Residents and nonresidents—The term resident is defined as an individual domiciled in the State. Domicile is defined as the place where a person has his true, fixed, and permanent home and principal establishment to which, whenever absent therefrom, he intends to return, and domicile continues until another permanent establishment is established. If an individual lives in the State for at least 183 days during the taxable year or more than ½ the days during the taxable year of less than 12 months he is deemed a resident individual domiciled in the State. Mich. Comp. L. Ann. § 206.18 (1968). Nonresident—The term nonresident is defined as any individual who is not a resident. Mich. Comp. L. Ann. § 206.14 (1968). See Soldiers' and Sailors' Civil Relief Act.	(1) The taxable income of residents defined as taxable income for federal income tax purposes. However, Michigan generally taxes only income allocable to certain activities and sources within Michigan. Since Michigan defines its taxable income for federal income tax purposes, the exclusions for income earned without the United States under §§ 911–912 would apply. Mich. Comp. L. Ann. § 206.30 (1984), § 206.110 (1978). (2) The taxable income of nonresidents to the extent allocable to sources within Michigan. Mich. Comp. L. Ann. § 206.51, § 206.110 (1983). Michigan deducts, to the extent included in federal adjusted gross income, compensation, including retirement benefits, received for services in the armed forces of the United States. Mich. Comp. L. Ann. 206.30(g) (1984).	Residents—Subject to tax on federal adjusted gross income allocable to sources within Michigan above the exclusions of §§ 911–912 of the Internal Revenue Code. Nonresidents—Subject to tax on taxable income allocable to sources within Michigan. Military personnel—Michigan does not tax military compensation.

III. STATES EXEMPTING INCOME EARNED ABROAD TO THE SAME EXTENT AS FEDERAL LAW—Continued

State	Income tax coverage	Tax base	Probable tax obligation
Minnesota	Residents and nonresidents—The term resident is defined as an individual domiciled in the State or any individual maintaining a place of abode within the State and who was not domiciled outside of the State during the taxable year. Minn. Stat. § 290.01(7)(1962). The Minnesota Tax Regulations state that voting in Minnesota is presumptive evidence of residence, but may be overcome by facts contrary to the presumption of residence. Minn. Tax. Reg. § 1.6001. See Soldiers' and Sailors' Civil Relief Act.	The gross income of residents defined as federal adjusted gross income with certain modifications not herein relevant. Since Minnesota defines its gross income in terms of federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Minnesota gross income. Minn. Stat. § 290.01(20)(1983). (2) The federal adjusted gross income of nonresidents allocable to sources within Minnesota. Min. Stat. § 290.01 (1983). Since Minnesota computes its own taxable income from federal adjusted gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Minnesota taxable income. Minn. Stat. § 290.01 (1983).	Residents—Subject to tax on federal adjusted gross income above the exclusion under §§ 911–912 of the Internal Revenue Code. Nonresidents—Subject to tax on federal adjusted gross income allocable to sources within Minnesota. Military personnel—Subject to tax on military compensation with stated exclusions.

The term nonresident is defined as an individual who is not a resident of this State. Mo. Stat. § 143.101 (1976). See Soldiers' and Sailors' Civil Relief Act.	(1) The Missouri taxable income of residents which is calculated on the basis of federal adjusted gross income with modifications. Since Missouri computes its taxable income from federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Missouri taxable income. Mo. Stat. § 143.121 (1977). (2) The income of nonresidents which is derived from sources within Missouri. Mo. Stat. § 143.041 (1976). Nonresidents—Subject to tax on income derived from sources within Missouri. Military personnel—Not subject to tax on payments for service in the armed services.
Montana	Residents and nonresidents—The term resident is defined as any natural person domiciled in the State or who maintains a permanent place of abode within the State even though temporarily absent from the State and who has not established a residence elsewhere. Mont. Code tit. 15 § 30–101(15)(1981). See Soldiers' and Sailors' Civil Relief Act.	(1) The entire adjusted gross income of residents defined as federal adjusted gross income with certain modifications not herein relevant. Since Montana defines its adjusted gross income in terms of federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code for income from sources without the United States is apparently adopted by reference into the computation of Montana adjusted gross income. Mont. Code tit. 15 § 30–111 (1983). (2) The entire net income of nonresidents derived from sources within Montana. Mont. Code tit. 15 § 30–105 (1981). (3) Montana excludes remuneration paid for active service as a member of the armed forces of the United States from the definition of taxable wages. Mont. Code § 15–30–201(4)(a) (1983).	Residents—Subject to tax on federal adjusted gross income above the exclusion of §§ 911–912 of the Internal Revenue Code. Nonresidents—Subject to tax on net income derived from sources within Montana. Military personnel—Not subject to tax on military compensation.
Nebraska	Residents and nonresidents—The term resident is defined as an individual who is domiciled in the State or who maintains a permanent place of abode within the State and spends in the aggregate more than six months of the taxable year within the State. Neb. Rev. Stat. §§ 77–2715(2)(1983). The term nonresident is defined as an individual who is not a resident of this State. Neb. Rev. Stat. § 77–2715(2)(b)(1983). See Soldiers' and Sailors' Civil Relief Act.	(1) The entire taxable income of residents defined as federal taxable income with certain modifications not herein relevant. Neb. Rev. Stat. §§ 77–2714, 15 (1983). Since Nebraska computes its tax base in terms of federal adjusted gross income, the exclusions under §§ 911–912 of the Internal Revenue Code is apparently adopted by reference. (2) The federal adjusted gross income of nonresidents derived from sources within Nebraska. Neb. Rev. Stat. §§ 77–2714, 15 (1983). Since Nebraska computes its own taxable income from federal taxable gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of Nebraska taxable income. Neb. Rev. Stat. §§ 77–2714 (1983).	Residents—Subject to tax on federal adjusted gross income above the exclusions under §§ 911–912 of the Internal Revenue Code. Nonresidents—Subject to tax on federal adjusted gross income derived from sources within Nebraska. Military personnel—Subject to tax on military compensation with stated exclusions.

III. STATES EXEMPTING INCOME EARNED ABROAD TO THE SAME EXTENT AS FEDERAL LAW—Continued

State	Income tax coverage	Tax base	Probable tax obligation
New Mexico	Residents and nonresidents—The term resident is defined as an individual who is domiciled in the State during any part of the taxable year. Any person who, or or before the last day of the taxable year, changes his place of abode to a place without the State with the bona fide intention of continuing actually to abide permanently without the State is not a resident. N. Mex. Stat. 7-2-2L (1983). The term nonresident is defined as every individual not a resident of the State. N. Mex. Stat. 7-2-2M (1983). See Soldiers' and Sailors' Civil Relief Act.	(1) The net income of every resident defined in terms of federal taxable income with certain modifications not herein relevant. Since New Mexico defines its tax base in terms of federal taxable income, the exclusions under §§ 911-912 of the Internal Revenue Code for income derived from sources without the United States is apparently adopted by reference. N. Mex. Stat. §§ 7-2-2, 7-2-3 (1981). (2) The net income of every nonresident derived from sources within New Mexico. N. Mex. Stat. § 7-2-3 (1981). (3) New Mexico also allows residents and nonresidents a credit for taxes paid to political subdivisions of foreign countries in certain circumstances. N. Mex. Stat. §§ 7-2-13, 19 (1981). Since New Mexico computes its own taxable income from federal taxable gross income, the exclusion under § 112 of the Internal Revenue Code for compensation received for active service as a member of the armed forces of the United States for any month during which such member served in a combat zone or was hospitalized as a result of an injury incurred in such service is apparently adopted by reference into the computation of New Mexico taxable income. N. Mex. Stat. § 7-2-2 (1983). Net income does not include the first three thousand dollars of military retirement pay. N. Mex. Stat. § 7-2-5.1 (1984).	Residents—Subject to tax on net income above the exclusions under §§ 911-912 of the Internal Revenue Code with the possibility of a credit for taxes paid to a political subdivision of a foreign country. Nonresidents—Subject to tax on net income derived from sources within New Mexico with the possibility of a credit for taxes paid to a political subdivision of a foreign country. Military personnel—Subject to tax on military compensation with stated exclusions.
New York	Residents and nonresidents—The term resident is defined as: (1) an individual who is domiciled in the State unless he maintains no permanent place of abode within the State, maintains a permanent place of abode outside the State and spends not over 30 days of the taxable year within the State, and (2) an individual who is not domiciled in the State but maintains a permanent place of abode within the State and spends in the aggregate more than 183 days of the taxable year within the State, unless such individual is in active service in the armed forces of the United States. N.Y. Tax Law § 605(a) (1978). The term nonresident is defined as an individual who is not a resident. N.Y. Tax Law § 605(b) (1975). The New York Tax Regulations state that a United States citizen will not ordinarily be deemed to have changed his domicile by going to a foreign country unless it is clearly shown that he intends to remain there permanently. For example, a United States citizen domiciled) in New York, who goes abroad because of an assignment by his employer or for study, research or recreation does not lose his New York domicile unless it is clearly shown that he intends to remain abroad permanently. N.Y. Tax Regs. § 102.2(d)(3). See Soldiers' and Sailors' Civil Relief Act.	(1) The adjusted gross income of residents defined as federal adjusted gross income with certain modifications not herein relevant. Since New York defines its own adjusted gross income in terms of federal adjusted gross income, the exclusions for income earned from sources without the United States is apparently adopted by reference into the computation of New York adjusted gross income.
